

CAUTION:

Harmful if inhaled, swallowed or absorbed through the skin. Avoid breathing of spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly after use. Wash all contaminated clothing with soap and hot water before reuse. Avoid contamination of foodstuffs. If swallowed, get prompt medical attention. Physician: Atropine sulfate is antidote. Do not use in edible products areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Do not allow spray treatment to drift into pasture land, crop land, poultry ranges or water supplies. Do not use inside homes, dairy barns, poultry houses or buildings where food is processed. Do not apply directly to animals. Do not use on crops used for food, forage or pasture. Do not apply oil sprays directly to flowers or other ornamental plants which may be damaged by oil. This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agriculture Extension Service. This product is toxic to fish, birds and other wildlife. Birds feeding on treated areas may be killed. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Shrimp and crab may be killed at application rates recommended on this label. Do not apply where these are important resources. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label. Do not store, pour, spill or use in the presence of heat, sparks or open flame. Do not reuse empty drums. Return to drum conditioner or destroy by perforating or crushing and burying in a safe place.

BUG-CIDE

CONCENTRATED RESIDUAL INSECTICIDE

An improved oil soluble concentrated insecticide for use on mosquitoes, flies, wasps, horseflies, roaches, ants, spiders, scorpions, silverfish and brown dog ticks.

E.P.A. Reg. No. 1266-122

ACTIVE INGREDIENTS
Cyfluthrin 1.00%
Methoxyacrylate 1.00%
Inert Ingredients 98.00%

INERT INGREDIENTS
Methoxyacrylate 1.00%
Inert Ingredients 98.00%

NET WEIGHT 1.00 LBS. (454 G)
GROSS WEIGHT 1.00 LBS. (454 G)

DIRECTIONS:
For use only by mosquito abatement districts, public health officials, public mosquito control and commercial pest control operations.

As an aid in the reduction of mosquitoes, flies, wasps, horseflies. Mix 1 gallon of Malter's BUG-CIDE with 12 gallons of suitable solvent such as diesel fuel or kerosene. Apply this 12:1 mixture at the rate of 1 gallon per acre. Thoroughly wet all surfaces with this mixture. Repeat when necessary.

For cockroaches, ants, silverfish, scorpions, spiders, crickets and brown dog ticks; mix 1 gallon of Malter's BUG-CIDE with 4 gallons of kerosene or diesel fuel. Apply as a coarse wet spray around building foundations at the rate of 3/4 of a gallon of this 4:1 mixture per acre. For use in fogging and mist machine, for the control of mosquitoes, flies, wasps, horseflies; mix 1 gallon of Malter's BUG-CIDE to 12 gallons of kerosene or diesel fuel. Apply this 12:1 mixture at the rate of 1 gallon of mixture per acre. For residual control, adjust machine to produce a wet spray. For contact control, adjust the machine to deliver a dry fog and fog thoroughly.

Keep all persons out of the treated area while fogging and until the insecticide has dissipated.
