

**DIRECTIONS**

USE AS A SPRAY FOR DISINFECTING  
 SURFACES. Use as a disinfectant from  
 the container, spraying with the  
**MALTER JET POWER  
 GENERATOR** for two minutes to  
 cover the area to be disinfected. Spray  
 two times the air flow or three  
 times daily. Spray up, and allow  
 the surface to settle.

DO NOT use in areas where  
 it may come in contact with  
 food, clothing, or skin. These  
 areas should be disinfected as  
 soon as possible, or if  
 necessary, be rinsed  
 with water.

**WARNING**

DO NOT use in areas where  
 it may come in contact with  
 food, clothing, or skin. These  
 areas should be disinfected as  
 soon as possible, or if  
 necessary, be rinsed  
 with water.

**NOTICE**

Storage in cold or freezing  
 weather may cause this product  
 to separate. This will not harm the  
 product's performance. Simply  
 allow it to warm to room tem-  
 perature and stir thoroughly  
 before use.

**CAUTION**

**HARMFUL IF SWALLOWED.** If  
 swallowed, immediately  
 consult a physician and  
 do not induce vomiting.  
 DO NOT SPRAY INSIDE. In case  
 of fire, immediately close  
 the container tightly and  
 remove it from the area.
