

**NOTICE:**

Storage in cold or freezing weather may cause this product to separate. This will not harm the performance. Simply allow it to warm to room temperature and stir thoroughly before use.

**WARNING:**

May be harmful or fatal if swallowed. If ingested immediately induce vomiting, and call a physician. **DO NOT SPRAY IN EYES.** In case of contact, immediately flush eyes with plenty of water. Avoid breathing of spray mist or vapors. Rinse empty container thoroughly with water and discard the container.

**WARNING - FLAMMABLE! KEEP AWAY FROM HEAT, SPARKS, OR OPEN FLAME. EXTINGUISH ALL FLAMES OR PILOT LIGHTS BEFORE USING.**

### AIR SANITIZER AND DEODORANT SPRAY

*Provides Temporary Reduction Of Airborne Bacteria*

E.P.A. Reg. No. 1266-143  
E.P.A. Est. No. 1266 LA-1

ACTIVE INGREDIENTS:

INERT INGREDIENTS:

**WARNING: KEEP OUT OF REACH OF CHILDREN**

For use in homes, hotels, motels, nursing homes, hospitals, schools, fire departments, office and industry.

**DIRECTIONS**

**AS A SPACE SPRAY FOR ENCLOSED AREAS:** Use as it comes from the container. Spray the mist upward in an empty room with a Malter JET POWER GENERATOR for about 2 to 3 minutes to cover an area of 196 sq. ft. Turn off the JET POWER GENERATOR, close the door and allow fifteen minutes for the mist to settle. Upon re-entering the room, open the doors and windows for about 35 minutes before placing the room into service.

If BLITZ is sprayed in an area where it may come in contact with food or food equipment or utensils, these surfaces should be removed or protected from exposure, or if exposed should be rinsed thoroughly with water.

**AS A DEODORANT:** Thoroughly clean around the source of the odor. Wipe fixtures and equipment with a cloth saturated with BLITZ.

**FOR AIR CONDITIONING UNIT:** Spray BLITZ on the intake filters, repeating as often as necessary.
