

NOTICE:

Damage may be caused to the TURBO 600 High Pressure Cleaner by the use of chemicals other than Maltex International TURBO 600 products.

Keep from freezing. If this product is stored in cold or freezing weather it may separate or thicken. This will not harm the performance. Before using, allow to warm to room temperature and stir thoroughly.

DIRECTIONS:

TURBO 600 DISINFECTANT CLEANER is formulated for use with the TURBO 600 High Pressure Cleaner.

FOR CLEANING: Lightly soiled areas - Put 1 gallon TURBO 600 DISINFECTANT CLEANER in tank and fill with water. Apply using chemical spray tip until thoroughly wet. Heavily soiled areas - Put 3 gallons TURBO 600 DISINFECTANT CLEANER in tank, fill with water. Apply using chemical foam tip. Rinse with water of drinking quality.

GENERAL PURPOSE DISINFECTION: To disinfect walls, floors, and other hard non-porous surfaces put 1 3/4-gallons in tank and fill with water. Use chemical spray tip to wet surface thoroughly with solution, then rinse with fresh water of drinking quality. For heavily soiled areas, cleaning may be required first as per label cleaning directions. Rinse with water of drinking quality.

FUNGICIDE: To disinfect locker rooms, shower stalls, walkways around pools and other areas where pathogenic fungicidal action is required, put 1 gallon of TURBO 600 DISINFECTANT CLEANER into TURBO 600 six gallons tank then top off tank with water. Spray with chemical spray tip. This will destroy Trichophyton interdigitale, a causative agent of athlete's foot. Apply until thoroughly wet. Rinse with water of drinking quality.

SANITIZATION: To sanitize walls, floors and equipment in food processing plants, first clean

DAVID R. ...

thoroughly using label directions for cleaning. Rinse cleanest surface with a solution of 1 gallon DISINFECTANT CLEANER in TURBO 600 six gallon tank, topped off with water. Apply with chemical spray tip. Apply until thoroughly wet. Rinse all surfaces with water of drinking quality before using.

DEODORIZATION: Use 2 1/2 gallons of TURBO 600 DISINFECTANT CLEANER in a six gallon tank with 2 1/2 gallons of water. Apply with chemical spray tip. Apply until thoroughly wet. Rinse with water of drinking quality. TURBO 600 DISINFECTANT CLEANER is an effective antibacterial cleaner designed for use in industrial and non-medical (hospital) cleaning. When used as directed, TURBO 600 DISINFECTANT CLEANER will disinfect hard surfaces, such as floors, walls, counter tops and furniture. It may be relied upon to deodorize bathroom areas, garbage pits, food storage areas and other areas where obnoxious odors may develop. This product may be used as a general purpose antibacterial - antifungal detergent in food processing plants and in other places where efficient cleaning and anti-microbial action is desired.

DANGER: KEEP OUT OF REACH OF CHILDREN
Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling. Harmful to animals. Avoid contamination of food. Rinse empty container thoroughly with water and have reconditioned or discarded.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
