**PRECAUTIONARY STATEMENTS
 HAZARDS TO HUMANS AND DO-
 MESTIC ANIMALS**

CAUTION—Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing mist. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove pets and cover fish aquariums before spraying.

FIRST AID—In case of contact, immediately flush skin and eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

PHYSICAL AND CHEMICAL HAZARDS: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130 degrees F may cause bursting. Never throw container into fire or incinerator.

DIRECTIONS FOR USE
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use in and around hotels, motels, greenhouse and lathouses, food handling establishments, packaging and processing plants, seed houses, commercial, industrial, office, institutional and storage buildings, milk storage rooms, egg processing plants, supermarkets, restaurants, and bottling plants, canneries, flour and feed mills, bakeries, boats, and ship cabins. Also for use in buses, automobiles, trucks, boxcars and ship cargo holds. Also for use in dog kennels and horse stables. In horse stables, not for application if horses will be used for food.

In food handling a food should be removed or covered previous to treatment. All food processing surfaces should be covered or thoroughly cleaned before using. Apply only when facility is not in operation. Remove protective cap. Aim spray opening away from person. Push button to spray. For household and industrial use, indoors and around premises.

INDOORS: To kill wasps, hornets, yellow jackets, bees - Application should be made late in the evening when insects are at rest. Spray liberally into hiding and breeding places, particularly under rafters, contacting as many insects as possible. Saturate areas in and around nest openings. Repeat as necessary.

To kill spiders—Spray directly on these pests and use repeated applications to the webbing and all cracks and crevices which harbor spiders.

OUTDOORS: Apply as a contact spray. Spray directly on insects. Aim spray opening away from person. Avoid spraying plants or turf except to spray infested areas.

Wasps, hornets, yellow jackets, bees—Same as directed for indoor use. Aim spray at nest openings in trees, bushes, under eaves, chimneys, cracks and crevices to eliminate in and around nest openings.
