Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors. Avoid contact with skin. In case of contact, immediately flush skin with plenty of water.

Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL HAZARDS

Extremely Flammable. Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat or open flame.

Disposal: Do not reuse empty container. Wrap container and put in trash collection. Do not puncture or incinerate.

HOLD UPSIDE DOWN TO SPRAY

To Kill Fleas - Adult and Pre-Adult

Remove and destroy old pet bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and floors. Repeat as necessary. Do not spray animals. Put fresh bedding in pets quarters after spray has dried. Also treat dogs and cats with a registered flea control product before allowing them to enter treated area.

To treat carpets, spray at the rate of one square foot per second. Repeat treatment as necessary.

Attention: Pat Leboeuf

Gentlemen:

Subject: Wasp Gun NF
EPA File Symbol No. 1266-181
Your Submissions Dated August 25, 1987 and March 24, 1988

The amendment referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. Put the "Keep Out of Reach of Children" statement before "Caution."
 - b. Add the statement "Contains petroleum distillate" below the ingredient statement.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

The Confidential Statement of Formula you submitted will be kept in the file for this product.

FIRST AID: In case of contact, immediately flush skin and eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists.

PHYSICAL AND CHEMICAL HAZARDS: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130 degrees F may cause bursting. Never throw container into fire or incinerator.

STORAGE AND DISPOSAL:
DO NOT REUSE EMPTY CONTAINER
WASP CONTAINER AND PUT IN
TRASH COLLECTION

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For use outdoors around hotels, motels, greenhouses and lathouses, food handling establishments, packing and processing plants, seed houses, commercial industrial, office, institutional and storage buildings, egg processing plants, supermarkets, restaurants, and breeding plants, canneries, flour and feed mills, bakeries, boats, and ship cabins. Also for use around buses, automobiles, trucks, taxis, and ship cargo holds. Also for use around kennels and horse stables. In horse stables, use for application if horses will be used for food. For household and industrial use around premises.

Application should be made late in the evening when insects are at rest.

To kill spiders, spray directly on these pests and use repeated application to the webbing in all cracks and crevices which harbor spiders.

WASPS, HORNETS, YELLOW JACKETS, BEES: Aim spray away from person at nest openings in trees, bushes, under eaves, chimneys, cracks and crevices to saturate ground nest openings. Avoid spraying plants or turf except to spray infested areas. Contact as many insects as possible. Repeat as necessary.
