INERT INGREDIENTS.* 89.51%

Water; Isobutane (Propellant); 2-Butoxyethanol, Dimethyl silicone; Sodium tri-polyphosphate; Sodium sulfite.

*Includes solvents, emulsifiers, builders, and propellant.

U.S.D.A Reg. No. 1269-79

WITT-AC CLEANER AND DISINFECTANT

Spray On—Wipe Off

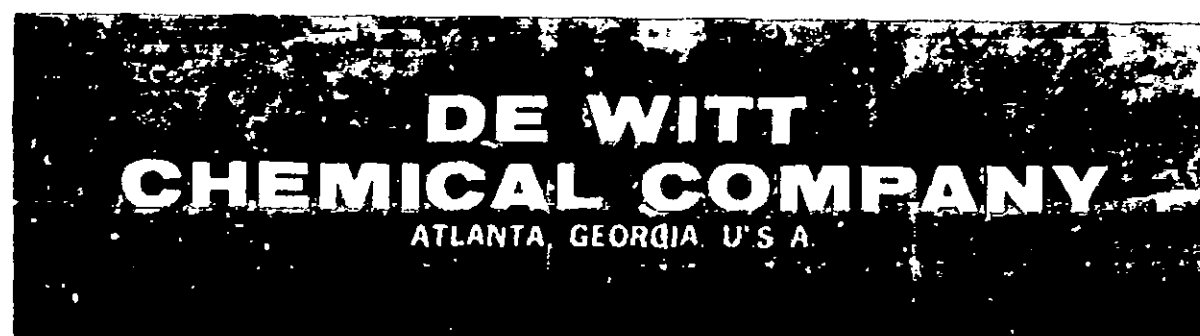

Cleans and Sanitizes in One Quick Operation

Germicidal - Fungicidal - Staphylocidal

KEEP OUT OF REACH OF CHILDREN

CAUTION: Contents under pressure. See right panel for additional precautionary statements.

Net Weight 1 lb. 6.5 oz.

WITT-AC is Germicidal — By A.O.A.C. Germicidal Spray test, WITT-AC is effective against *Staphylococcus aureus*, *Salmonella choleraesuis*, and *Streptococcus pyogenes*.

WITT-AC is Fungicidal — By A.O.A.C. Spray test, WITT-AC is effective against *Trichophyton interdigitale*. WITT-AC will also prevent the growth of mold and mildew-causing organisms for over a two-week period.

WITT-AC is Residual — From the results of independent laboratory tests, WITT-AC may be expected to inhibit the growth of many bacteria on a treated surface up to seven days, if not rinsed or otherwise removed from the surface.

DIRECTIONS

To Clean and Sanitize: Shake well, hold can upright 8 to 10 inches from surface and spray a uniform blanket of foam onto the surface. Allow to remain a few seconds and wipe away soil with a clean damp cloth or sponge.

To Disinfect: For germicidal and residual bacteriostatic effect, apply a light coat of foam to the previously cleaned surface and do not wipe or rinse.

Surfaces cleaned and sanitized with WITT-AC must be rinsed with potable water before coming into contact with edible food products.

CAUTION

Do not allow WITT-AC Multi-Surface Cleaner to come into contact with the eyes. Contents under pressure. Do not puncture container. Do not store at temperature exceeding 120°F. Do not incinerate or spray into an open flame. Avoid contamination of food. KEEP AWAY FROM CHILDREN.
