Free Rinsing Detergent-Sanitizer

An excellent general purpose cleaner—sanitizer. Especially formulated for Industrial, Institutional, and Public Sanitation. Ideal for use in Hospitals, Dairies, Institutions, Poultry Plants, Restaurants, and Bars.

Cleans efficiently and economically without need for rinsing.

Useful for floors, walls, hospital equipment, bed pans, restaurants, bars, dairies, sanitary cages and houses, garbage containers, and the like.

For cleaning and sanitizing in a single operation: Use 1 oz. per gallon water (50 ppm iodine), for lightly soiled surfaces.

For porous surfaces and areas difficult to clean: Use 2-3 oz. per gallon water (100-150 ppm iodine).

For critical hospital applications: Use 3 oz. per gallon. This provides 150 ppm available iodine.

Do not allow silver or silverplate to remain in solution longer than 30 minutes.

Do not use with soap or alkaline materials.

CAUTION: If the undiluted DE WITT #80 should come into contact with eyes, rinse well with water. If irritation persists, consult physician.

MAY BE

HARMFUL IF SWALLOWED. KEEP AWAY FROM CHILDREN.

USDA Reg. No. 1270-40

ACTIVE INGREDIENTS:
