**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:**

Harmful if swallowed, inhaled or absorbed through skin. Wash after handling. Avoid breathing spray mist. Use in well ventilated areas only. Do not allow children to contact treated surfaces until surfaces are completely dry. Do not use as a space spray. Do not spray on animals or plants.

Avoid contamination of food, utensils, and food preparation areas. Do not use in edible product areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

**Statement of Practical Treatment**

If Swallowed: DO NOT induce vomiting. Contact a physician or Poison Control Center immediately for treatment or assistance.

If Inhaled: If discomfort or breathing difficulty arises, contact a physician.

If In Eyes: Flush eyes with plenty of water. If irritation persists, contact a physician.

If On Skin: Wash all areas contacted by product with soap and water. If irritation persists, contact a physician.

**NOTE TO PHYSICIAN:** Atropine sulfate is antidotal.

**Physical and Chemical Hazards**

Flammable. Contents under pressure. Keep away from heat, sparks, and flames. Do not puncture or incinerate container. Exposure to temperatures above 130°F. may cause bursting.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

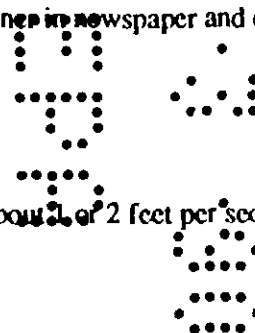

**STORAGE AND DISPOSAL**

Store in a cool, dry place. DO NOT store near heat or open flame. Replace cap, wrap container in newspaper and discard in trash. DO NOT incinerate or puncture.

PAGE 2

**Indoor Use:** ANTS, COCKROACHES, CRICKETS, SILVERFISH, SPIDERS, SCORPIONS, SAWTOOTHED GRAIN BEETLES (EXPOSED STAGE), WATERBUGS: Spray into cracks, crevices, around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. For ants, spray trails and places where ants enter premises. Repeat as needed. Do not allow children to contact treated surfaces until surfaces are completely dry.

**Brown Dog Ticks:** Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks, and local areas of floors. Repeat as needed. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment of pet areas. Additionally, treat pets with a product registered for animal application to control the source of the tick infestation. Do not spray animals.

**Outdoor Use:** ANTS, CLOVER MITES, CRICKETS, EARWIGS, FLIES, HORNETS, MILLIPEDES, MOSQUITOES, SOWBUGS, WASPS AND BROWN DOG TICKS: Spray infested areas thoroughly, including outside surfaces of screens, doors, window frames, foundations, patios, or other places where insects may enter. For ants, spray hills and runways. For control of wasps and hornets, apply after dark when all of the insects have returned to the nest. Repeat as necessary. Do not spray vegetation.
