E.P.A. Reg. No. 1270-161-AA

ZEP BACTERIOSTATIC LAUNDRY DETERGENT

ACTIVE INGREDIENTS:

- Sodium Metasilicate ........................................... 8.00%
- n-Alkyl (50% C₁₄, 40% C₁₂, 10% C₁₀) dimethyl benzyl ammonium chloride ........................................... 1.90%

INERT INGREDIENTS: .................................................. 90.10%

When used as directed, ZEP BACTERIOSTATIC LAUNDRY DETERGENT will sanitize fabric during the washing cycle, sanitize the wash water and will impart a bacteriostatic finish to laundered fabrics.

USE DIRECTIONS

Use 3/4 - 1 cup (120 grams) of ZEP BACTERIOSTATIC LAUNDRY DETERGENT per 12 gallons of water in wash load. Not more than 10 pounds of dry fabric should be added to machine per 12 gallons of water in wash load. For larger quantities of laundry, proportionately increase the amount of detergent and water used. Do not use this product with other soaps or detergents since such mixtures may destroy the antibacterial properties of this product. A cationic softener such as ZEP FABRIC SOFTENER may be used in the final rinse without adversely affecting the biological performance of this product.

Do not reuse container. Destroy when empty.

DANGER!

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. May cause burns or damage to the eyes. Do not get on skin or in eyes. If contact with eyes occurs, flush with plenty of water for 15 minutes and get medical attention. If contact with skin occurs, flush with water. If swallowed, give plenty of water or milk and dilute vinegar, lemon or orange juice, and follow with milk or white of egg beaten with water, and then olive oil. Call a physician. Avoid contamination of food.
