PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

1270-221

C A U T I O N

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. Remove pets, birds, and fish before spraying. In hospitals, remove patients from rooms prior to treatment. Ventilate treated area for at least 2 hours prior to returning patients.

FIRST AID: For eyes, flush with plenty of water. If irritation persists, contact a physician. For skin, wash affected areas with soap and water. If irritation persists, contact a physician. Remove all contaminated clothing and wash prior to re-use.

DO NOT apply directly to food. DO NOT contaminate food or feedstuffs with this spray. In commercial food handling facilities, cover or remove any food and food processing equipment during application. DO NOT apply while food processing is underway. After space spraying in food processing plants, wash all equipment, benches, shelving, etc., where exposed food will be handled, with potable water.

PHYSICAL OR CHEMICAL HAZARDS:

Contents under pressure. DO NOT puncture or incinerate container. DO NOT use near heat or open flame. Exposure to temperatures above 130°F. may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling

STORAGE AND DISPOSAL

DO NOT store near heat or open flame. DO NOT re-use empty container. Wrap can and put in trash collection.

DO NOT spray on walls, composition tile, or plastics. Test effect of spray on floor coverings, floor and furniture finishes, paint and wall coverings on inconspicuous areas prior to treatment.

(Right Side Panel)

DIRECTIONS (Cont'd)

For total release, use one can for each 6,000 cu. ft. of unobstructed area. Shut off fans, air conditioners, all flames and pilot lights. Close doors and windows and keep closed for 2 hours before ventilating treated area. Point the valve opening away from face and press valve all the way down until it locks, then immediately place can on stand or table covered with newspapers in center of unobstructed area. Leave the area being treated at once and ventilate for at least 30 minutes before reoccupying.

For intermittent spraying, aim valve opening toward area or pests to be sprayed and press valve down taking care not to lock in open position. Units used in this manner cannot be used for total release treatments.

For Flying Insects - Houseflies, Mosquitoes, Small Flying Moths, <sup>Wasps,</sup> and Gnats: Follow directions for total release or intermittent fogging, as desired. After treatment, sweep up and destroy fallen insects.

For Crawling Insects - Cockroaches, Ants, Crickets, Centipedes, Earwigs, Fleas, Ticks, and Spiders: Use as an intermittent spray and thoroughly treat hiding places, such as cracks, crevices, moist areas, openings around pipes, under sinks and refrigerators, along and behind baseboards, and in storage areas, contacting as many insects as possible. Repeat applications as necessary. For Ants: Careful treatment of door and window frames and trails and hills is necessary. For Spiders: Be sure to spray directly on pests and webbing, as well as in hiding places.

For Fleas and Ticks: Spray directly on pests, floors, floor coverings, and furniture. Treat pet's beds and resting areas, nearby cracks and crevices, along and behind baseboards, around window and door frames. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment of pet areas. **DO NOT TREAT PETS WITH THIS PRODUCT.** Treat pets with a product registered for animal application to control the source of the flea and tick infestation.

WARRANTY STATEMENT

This product is designed exclusively for industrial and institutional use by trained professional maintenance personnel. Label directions and precautions must be followed exactly. Zep Manufacturing will not be responsible for any injury, loss, or damage if product is used in any manner not in compliance with label directions or if precautions are not observed.

Only for Sale to, and Use and Storage by Operating, Custodial or Maintenance Personnel.

MANUFACTURING DIRECTIONS:

ZEP MINI-FOG II

Aerosol Base

Dispersol (Odorless techsene or base oil).....	136.5 lbs.
Methylene Chloride.....	401.0 lbs.
1,1,1-Trichloroethane.....	170.0 lbs.
SBP-1382 Concentrate 40.....	<u>12.5 lbs.</u>
Total Base fill:	720.0 LBS.

DIRECTIONS:

Add solvents to mixing kettle and begin agitation. Add SBP-1382 Concentrate 40 to solvents and stir until uniform.

Fill 20 oz. Aerosol Can as follows:

286 gms. Aerosol Base  
111 gms. A-70 Isobutane/Propane Propellant  
397 Gms. TOTAL

A-70 Isobutane/propane propellant.....280.0 lbs.

BATCH TOTAL: 1000 LBS.

eyes or skin with plenty of water. Obtain medical attention if irritation persists. If swallowed, do not induce vomiting. Call a physician immediately.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
