**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
  - a. Add the phrase "EPA Registration No. 1270-232."
  - b. Move the Storage and Disposal instructions below the Directions for Use heading (see enclosed sample).
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE (Cont'd.)

Easy to Use  
No Rubbing or Rinsing - No Waste  
Reduces the Hazards of Cross-Contamination

To Clean: Shake can well before using. Remove gross filth and heavy soil. Hold can upright 8 - 10 inches from surface, and spray a uniform blanket of foam onto the surface. Allow to remain until surface is thoroughly wet. Wipe away soil with a clean, damp cloth or sponge. Before using, food product, containers and packaging materials must be removed from the area to be cleaned or carefully protected. After use, equipment, utensils, and food contact surfaces in the area must be scrubbed with a detergent and rinsed with potable water.

To Disinfect: First, clean surfaces as directed above. Then, spray the area to be treated allowing a wet-contact time of 10 minutes before wiping off, or, for food contact surfaces, using a detergent wash and potable water rinse.

FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY.
