NAME OF PESTICIDE PRODUCT		
Zep Refresh II		

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Zep Manufacturing Company  
 P.O. Box 2015  
 Atlanta, GA 30301

**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/ate all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires the registrants of similar products to submit such data.

2. Affix the phrase "EPA Registration No. 1270-237" to your label before you release the product for shipment.

3. Permit the inclusion of your final printed label on the product release for shipment. Refer to the A-19 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 3(c). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

4. Delete "Break milk, egg whites, gelatin solution, or if there are no animals."

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS WARNING

Causes eye and skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if breathing of spray mist.

### STATEMENT OF PRACTICAL TREATMENT

**Swallowed:** Drink milk, egg whites, gelatin solution, or, if these are not available, drink large amounts of water.  
**In Eyes:** Flush eyes with plenty of water. Call a physician.  
**On Skin:** Wash affected areas with soap and water. Remove all contaminated clothing and shoes. Call a physician.

### PHYSICAL OR CHEMICAL HAZARD

FLAMMABLE. Keep away from heat and open flame.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage and disposal. Wastes resulting from use should be disposed of in a sanitary landfill, or by other procedures approved by state and local authorities. Containers and puncturing as above, may be disposed of by incineration, or, if allowed by state and local authorities, by other means.

This powerful disinfectant and deodorant acts quickly on germ laden surfaces such as: wash basins, urinals, door knobs, metal beds and springs, wheel chairs, linen carts, machinery and other pre-cleaned hard, non-porous environmental surfaces after the surface has been pre-cleaned. Eliminates odors in the air and at their source. Acts instantly and freshens such unpleas- and mildew, decay, food putrefaction, perspiration, tobacco, sick rooms, vomit, and musty clothing.

This product is effective against the following organisms:

Aspergillus niger	Salmonella chloraesuis
Salmonella typhosa	Staphylococcus aureus
Streptococcus pyogenes	Trichophyton mentagrophytes
Shigella flexneri	Pseudomonas aeruginosa

**TO DISINFECT:** Hold container upright 6 to 8 inches from surface to be disinfected, covered with mist. Allow a wet contact time of 10 minutes for complete disinfection. Wipe with cloth.

**TO DEODORIZE:** Hold container upright - point spray nozzle away from face. Spray for 30 seconds.

**TO CONTROL MOLD AND MILDEW AND THEIR ODORS:** Clean surface prior to application. Repeat application whenever new growth reappears. Excellent for controlling mold on pillows, and books.

DO NOT use on polished wood, furniture, or rayon fabrics.

**TO DISINFECT FOOD CONTACT SURFACES:** Before using this product, food and dishes must be carefully protected. Spray pre-cleaned surfaces 2 to 3 seconds until covered with mist. Wipe excess with a damp sponge, towel or paper cloth. Treated food contact surfaces and dishes must be rinsed with potable water prior to reuse.
