OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

Mr. Thomas J. Steins, General Manager
Oliver Chemical Company, Inc.
2908 Spring Grove Avenue
Cincinnati, OH 45225

MAR 4 2014

Subject: Adding Information Panel to Product Label per PR Notice 98-10
Chlor Tech Sanitizer & Cleaner
EPA Registration Number: **1275-27**
Application Date: December 10, 2013
EPA Receipt Date: December 16, 2013

Dear Mr. Steins:

This acknowledges receipt of your Notification application, submitted under the provisions of FIFRA 3(c)9.

Purpose of the Notification:

“This letter is to advise your office of the addition of a QR code to the lower right hand side of the label Chlor Tech Sanitizer & Cleaner EPA Reg. 1275-27.”

General Comments:

Based on the review of the information submitted, the following comments apply.

If you wish to add/retain a reference to the Company’s website on your Product Label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the Product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10 (a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your Product’s label, claims made on the website may not substantially differ from those claims approved through the registration

-2-

process. Therefore if the Agency finds or if it brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

The Notification is **Acceptable**. A copy of the **accepted** Notification is attached in **Regulatory File Jacket 1275-27** for future reference.

If you have questions or comments with regard to this Agency Letter, please contact me by email at Swift.Killian@epa.gov by telephone at **703-308-6346**. When you are submitting information or data in response to this Agency Letter, please send a copy of this Agency Letter with your response in order to facilitate processing.

Sincerely yours,

Demson Fuller,
EPA Product Manager 32
Regulatory Management Branch II
Antimicrobials Division 7510P

**PRECAUTIONARY STATEMENTS
 HAZARD TO HUMANS AND
 DOMESTIC ANIMALS**

DANGER
 Corrosive. Causes irreversible eye damage. Causes skin irritation. Harmful if swallowed or absorbed through the skin. Do not get in eyes, on skin or on clothing. Wear goggles or face shield. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

PHYSICAL AND CHEMICAL HAZARDS:
STRONG OXIDIZING AGENT.
 Oxidizing agent. Mix only with water. Use clean dry utensils. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with generation of heat, liberation of hazardous gases. In case of contamination or decomposition do not reseal container. If possible isolate container in open air or well ventilated area. Flood with large volume of water, if necessary.

STORAGE AND DISPOSAL
 Store in a cool dry area away from direct sunlight and heat. In case of spill flood the area with large quantities of water. Do not contaminate food or feed by storage, disposal or cleaning of equipment.
"Nonrefillable container. Do not reuse or refill this container."
 Offer for recycling if available. Triple rinse or pressure rinse container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or mix tank. Fill the container 1/2 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or mix tank and place rinsate for disposal. Drain for 10 seconds, after the flow begins to drip. Repeat this procedure two more times.
PACKET DISPOSAL: Do not reuse packet. Discard in trash or offer for recycling if available.

DIRECTIONS FOR UTENSILS IN LAST TANK

1. Scrape and rinse all gross food particles and soils from utensils.
2. Wash thoroughly in a suitable detergent.
3. Rinse with clean, hot water until all soil and detergent are removed.
4. Immerse utensils in sanitizing solution for at least one minute or for the time specified by local ordinances.
5. Remove utensils and place on a clean rack or drainboard to air dry.

DIRECTIONS FOR FLAT SURFACES

1. Scrape and remove gross food particles and soil from the surface.
2. Clean with a suitable detergent and rinse with potable water.
3. Wet surface thoroughly with a sanitizing solution and allow to stand 2-5 minutes.
4. Drain excess use solution from surface prior to use. Rinse thoroughly with potable water and allow to air dry.
5. Drain excess use solution from surface. Rinse thoroughly with potable water and allow to air dry.

MECHANICAL OPERATIONS, sanitizing solution must be discarded after use and not reused.

FOR MANUAL APPLICATION, Fresh sanitizing solution must be made daily. Should the solution become soiled or diluted prepare fresh solution. Test solution for ppm chlorine with test stripes.
