This product is an Air Sanitizer, a Surface Disinfectant and a Deodorant.

When sprayed into the air as directed, it will reduce the hazard of infection by air-borne bacteria by reducing the number of Pathogens in the air and will kill most infectious bacteria when sprayed on contaminated surfaces.

This deodorant will not lose its strength even if stored for long periods. Use undiluted unless otherwise specified.

DIRECTIONS FOR USE AS A DISINFECTANT AND SANITIZER. Clean object to be disinfected thoroughly, then wipe or spray surface to be disinfected with the undiluted product. If spray method is used be certain that all surfaces are thoroughly wetted. **SPECIAL SICKROOM USES:** Use on walls, tables and surfaces of articles in the room to be disinfected. Spray lightly in the air of the room to destroy odors and repeat as necessary. To reduce the hazard of infection by Air-Borne Bacteria, spray into the air of the room immediately after occupancy so as to leave a mist.

TO DISINFECT Refrigerators, Food Equipment, Bath Room, Fixtures and Toilet Seats, Telephones, etc. simply spray or wipe onto contaminated surfaces, making sure that entire surface is thoroughly wetted with the spray. Spray or swab interior of toilet bowls, urinals, and base and floor around fixtures. Allow solution to remain in contact with surface as long as possible. Rinse thoroughly with potable water all food contact surfaces prior to reuse.

DEODORANT USES: This product is an effective deodorant for unpleasant odors, including Toilet Room Odors, Perspiration Odors, Tobacco and Smoke Room Odors, Cooking Odors, Animal Odors, Putrefactive Odors, Body Discharge Odors, Organic Chemical Odors, Musty Odors, Decay Odors. It is an outstanding deodorant for any area where odors are a problem.

In using by spray method, use a fine spray and direct the mist upwards. Also apply directly on affected areas where possible.

HOSPITALS, SICK ROOMS: To deodorize Bed-pans,

cover fecal matter with this solution. For disease odors and odors from patients, spray into the air of the room and repeat when necessary. Treat floors and walls by mopping, swabbing or spraying.

THEATRES, HALLS, SCHOOLS, AUDITORIUMS and OTHER PUBLIC PLACES: Spray throughout the air and in affected areas. In case of vomiting, stink bombs, etc., spray contaminated areas liberally. This will help deodorize the area.

INDUSTRIAL DEODORIZATION such as FISHERIES, HOLDS IN SHIPS, STORAGE BINS, FREIGHT CARS, TRUCKS, PLANES, FACTORY EQUIPMENT, ETC., spray air in affected areas, and mop, swab or spray walls and floors. Rinse thoroughly with potable water all food contact surfaces prior to reuse.

FOR DEODORIZING IN AIR CONDITIONING SYSTEMS. If system is equipped with water pan or air filter over which the air washes, charge this material into pan. If no water pan or air filter is available, use large flat pan in front of blower and place so that air washes over solution.

GYMNASIUM AND CLUB-ROOM USES AS A DEODORANT, LOCKER ROOMS, SHOWER BATHS, SWIMMING POOLS SURFACE, WASH BASINS, FLOORS. Spray or wash floors and walls, wash basins, toilets, urinals, and spray lockers inside and out to eliminate perspiration odors. Rinse thoroughly with potable water all food contact surfaces prior to reuse.

GENERAL HOUSEHOLD USES such as MUSTY CLOSETS, BASEMENTS, ROOMS, PANTRIES, BATHROOMS, TRAILERS, COOKING VESSELS, REFRIGERATORS, STORAGE CLOSETS, LOCKERS, etc. Eliminates smoke and tobacco odors, cooking odors and other unpleasant smells. Spray affected areas and into the air of rooms. Floors and walls may be mopped, swabbed or sprayed with this material. Rinse thoroughly with potable water all food contact surface prior to use.

URINALS: If water is left in bowl, add at least 3 quarts to bowl while mixing bowl contents with a bowl brush. If bowl is empty pour 3 quarts of concentrate and swab with bowl brush to wet surface thoroughly.

Daily spraying with this product in Auditoriums, Schools, Theatres, Meeting Rooms, Hotel Lobbies, Rest Rooms, etc., will destroy bad odors and make for pleasant surroundings.

This Product is Especially Designed for Industrial Use.
