

USE DIRECTIONS

Animal	Insect	Remarks
Beef Cattle Dairy Cattle	Horn Flies Face Flies Lice	HAND DUSTING: Apply approximately 2 oz. of dust by shaker can, rotary duster or by hand to the upper portions of the back, neck and to the face as an aid in the control of these flies. Rub lightly to carry the dust beneath the hair. Repeat as necessary.
		SELF-TREATING DUST BAG FORCED USE: Put McNess Rabon® Livestock Dust in cotton cloth or double burlap bags and hang in barn door exits or alleyways leading from animal buildings, salt or mineral blocks, or watering holes. Protect cloth or burlap bags from weather.
		FREE CHOICE USE: Use the same dust bags as a source of dust in feeding sheds, holding pens, feed bins, watering holes or other areas where all gather. The free choice use aids in the control of lice.

Swine	Lice

HAND DUSTING: Apply 1/4 oz. of dust by hand or powder duster to each animal with special attention given to the neck and around the ears. Repeat as necessary but not more often than once every 14 days. In heavy infestations, both individual animals and groups may be treated. One lb. of 5% dust should be applied per 100 sq. ft. of area.

PRECAUTIONS in USING

CAUTION: McNess Rabon® Livestock Dust is a ready-to-use insecticide. Avoid breathing dust. Avoid getting dust in eyes. Avoid getting dust on skin. Avoid getting dust on clothing. Wash thoroughly with soap and water before eating, drinking, or smoking. Avoid contact with food and feed. Keep away from heat and open flame. Do not apply to humans.
