UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTERED
ED UNDER NO. 1317-83

DIRECTIONS FOR USE

DAIRY-DU SPRAY is a dual-purpose formulation designed to protect animals, including dairy and beef cattle, from the attacks of biting flies in the barn and on pasture, as well as to function as an effective space spray for quick knockdown and kill of houseflies in the barn and milkroom.

ANIMAL SPRAY: To protect animals against the attacks of horseflies, stable flies, horn flies, mosquitoes and gnats, apply just enough to wet the ends of the hairs but not enough to soak the hide. One to two ounces is sufficient to treat an adult cow. Apply once daily, preferably in the morning. Repeat at daily intervals or as necessary for continued protection.

SPACE SPRAY: To attain quick knockdown and kill of flies, gnats and mosquitoes in enclosed spaces, spray toward the ceiling and corners until the space is filled with a light mist. For best results, close all windows and doors prior to spraying and keep them closed for 10 to 15 minutes after spraying. Do not remain in treated areas. Ventilate the area after treatment is completed.

CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Do not contaminate feeds, water, or mineral supplements with this spray. Do not contaminate milk or milk-handling equipment with this spray. Wash udder and teats before milking. Avoid overspraying which will result in wetting the animal's hide.

This product is toxic to fish. Do not contaminate any body of water with this product.

Do not re-use this container. Dispose of by crushing and burying in a safe place. Mix well in drum before use.

This spray is combustible. Do not spray on or near open flame. Store in a cool place. Keep container tightly closed.

Remove pets, birds and cover fish aquariums before spraying.

ACTIVE INGREDIENTS:	100%
Pyrethrins06%
*Piperonyl butoxide, technical12%
N-octyl bicycloheptene dicarboximide	20%
Di-n-propyl isocinchomeronate40%
Petroleum distillate	99.22%

* Equivalent to .096% (butylcarbityl) (6-propylpiperonyl) ether and .024% related compounds.
