

# DU-RITE "60"

## BROAD SPECTRUM SWIMMING POOL — SPA AND HOT TUB ALGAECIDE

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 1324-12

MAY 14 1981

REGISTERED

### DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**DU-RITE 60 ALGAECIDE** is used to control the growth of algae in swimming pools, exterior spas, whirlpools, and hot tubs. For maximum effectiveness pools, spas, whirlpools, and hot tubs containing heavy growth of algae should be cleaned prior to using **DU-RITE 60 ALGAECIDE**.

For pools having just visible algae growth add an initial dose of 11 to 17 fluid ounces of **DU-RITE 60 ALGAECIDE** per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool add initially 6 to 11 fluid ounces of **DU-RITE 60 ALGAECIDE** per 10,000 gallons of water. Subsequent additions of 2 to 4 fluid ounces of **DU-RITE 60 ALGAECIDE** per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, or hot tubs having just visible algae growth require an initial dose of 1 to 2 fluid ounces of **DU-RITE 60 ALGAECIDE** per 1,000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, or hot tub, add initially 0.6 to 1.1 fluid ounces of **DU-RITE 60 ALGAECIDE** per 1,000 gallons of water. Subsequent additions of 0.2 to 0.4 fluid ounces of **DU-RITE 60 ALGAECIDE** should be made every 5 to 7 days after initial treatment for maintenance.

**DU-RITE 60 ALGAECIDE** is compatible with those chemicals normally used to treat pools and spas and is effective at both acid and alkaline pH. **DU-RITE 60 ALGAECIDE** can be used in pools and spas treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix **DU-RITE 60 ALGAECIDE** with concentrated dry or liquid chlorine products.

**STORAGE & DISPOSAL:** Keep container closed when not in use. Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment. Rinse that cannot be used or reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Open dumping is prohibited.

**PLASTIC CONTAINERS:** Do not reuse empty container. Triple rinse and incinerate or dispose of in an approved landfill or bury in safe place.
