# D-T FOGGING & CONTACT INSECTICIDE

(For Use in Homes, Industrial Plants and Food Processing Plants)

**ACTIVE INGREDIENTS:**  
d-trans Allethrin (allyl homolog of Cinerin I) .250%  
\*Piperonyl butoxide, technical .500%  
1N-octyl bicycloheptene dicarboximide .825%  
Petroleum distillate 98.425%  
\*Consists of .400%(butylcarbityl)(6-propylpiperonyl)ether  
and .100% other related compounds  
1MGK 264, Insecticide Synergist

**FLASH POINT 140 ° F. DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.**

**NOTE:** Before using in food areas the following must be done. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before reuse. Use this product only when facility is not in operation.

## DIRECTIONS FOR USE

Space Spray to Kill Flies, Mosquitoes, Small Flying Moths and Gnats:

Close room and shut off all air conditioning or ventilating equipment. Apply with mechanical or compressed air sprayer, or with fogger which gives small particle size. Direct spray upwards towards upper corners of room and ceiling. Apply at the rate of 0.5 to 1.0 fluid ounce per 1000 cu. ft. of space to be treated. Leave room closed for one half hour. Ventilate room thoroughly before re-entry. Repeat as necessary for insect control.

Contact or Surface Spray to Kill Roaches, Waterbugs, and Ants:

Apply with a sprayer that gives large wetting droplets. Force spray into cracks and crevices in walls and floors, areas at base of machinery, behind cabinets, around pipes and openings, along baseboards and other insect harborages. Use on gallon of spray per 1000 sq.ft. of surface to be treated. For ants, spray trails and all points of entry into the building. Spray ant nests directly with a soaking application. In all cases contact as many insects as possible directly with the spray. Repeat application as necessary for control.

**CAUTION: KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED.**

Harmful if swallowed. Do not apply directly to food-follow directions given above for covering or removing food, utensils and food processing surfaces. Do not apply while food processing is underway. Clean thoroughly all food processing or storage surfaces before re-use. Do not re-use empty container. Perforate or crush and bury in a safe place.
