

Apply #74-14 to walls, floors, and other hard surfaces such as tables, chairs and bed frames with a cloth or mop. For heavily soiled areas, a preliminary cleaning may be required.

For Hospitals and Nursing Homes: Add two ounces per gallon of water.

At two ounces per gallon use-level, #74-14 is effective against *Pseudomonas aeruginosa*, *Staphylococcus aureus*, *Salmonella choleraesuis*, *Escherichia coli* and pathogenic fungi. Germicidal performance against the four organisms has been confirmed by the AOAC Use-Dilution Test. Fungicidal performance was determined against *T. Interdigitale* by the AOAC Fungicidal Test.

At two ounces per gallon use-level, #74-14 is virucidal against Herpes Simplex (a member of the virus family that causes infectious mononucleosis), vaccinia (representative of the pox viruses), and influenza A₂ (the Hong Kong flu virus) on inanimate environment surfaces.

For Schools, Institutional and Industrial Uses: Add one ounce per gallon of water.

At one ounce per gallon use-level, #74-14 delivers excellent cleaning and is germicidal. It is effective against *staphylococcus aureus*, *Salmonella choleraesuis*, *Ercherichia coli*, and *Tricholphyton interdigitale*, the athletes foot fungus. The same AOAC tests used above to confirm suitable performance for hospitals were used.

Rinse empty container with water before discarding.

74-14

AOAC Phenol Coefficients

<i>Staph. aureus</i> (ATCC #6358)	100
<i>Salmonella typhosa</i> (ATCC #6539)	50

Active Ingredients

Didecyl dimethyl ammonium chloride	4.5%
Tetrasodium ethylenediamine tetraacetate	2.0%
Sodium Carbonate	1.0%
Sodium metasilicate; anhydrous	0.5%

Inert Ingredients

EPA REG. NO. 1325-73

KEEP OUT OF THE REACH OF CHILDREN. SEE LEFT PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

Cross-infection is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry. #74-14 is formulated for this problem area. It both cleans and disinfects effectively and is virucidal when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-infection.

Two ounces of #74-14 per gallon of water will deodorize bathrooms, garbage storage areas, and other areas where bacterial growth can cause mal odors.

WARNING

Keep out of reach of children. May cause severe eye irritation or eye damage. Causes skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food.

First Aid

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink promptly a large quantity of water. Avoid alcohol. Call a physician immediately.
