MARTIN'S NEW IMPROVED

ROKIL

Liquid Insect Spray

for resistant roaches

contains Diazinon

Kills Resistant Roaches

Roaches, Ant, Flies, Mosquitoes, Fleas (outdoors), Waterbugs, Wasps, Brown Dog
Ticks, Silverfish, Spiders, Crickets, Chiggers, Flying Moths, Carpet Beetles.

Residual Type

Active Ingredients:

0.063% Pyrethrins
0.126% Technical Piperonyl Butoxide *
0.208% N-octyl bicycloheptene dicarboximide
0.500% 0,0-diethyl 0-(2-isopropyl-4-methyl-6-pyrimidinyl) phosphorothioate
99.103% Petroleum Distillate
100.000%

*Equivalent to 0.101 (butylcarbityl) (p-propylpiperonyl) ether and 0.025 other
related compounds.

(14 pt. type) (10 pt. type) Keep out of reach of children. Harmful if swallowed.
See side panel for additional cautions. (10 pt. type)

MARTIN'S COMPANY

Since 1933

100 Wood St.

Waltham, Mass.

Content: 4 Ounce

BACK PANEL

ODORLESS . STAINLESS . KILLS EVEN RESISTANT
ROACHES RESIDUAL TYPE

DIRECTIONS FOR USE

ROACHES, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS: Spray heavily into all cracks, around baseboards and other places where these insects hide. Also spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Spray other localized areas infested with these pests. Repeat treatment as required.

ANTS: Spray ant trails and around door sills and window frames, openings around water pipes, heat ducts, electrical outlets and baseboards.

CARPET BEETLES: Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shelvings. Repeat as necessary.

BROWN DOG TICKS: Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Applications should be repeated as infestations warrant and as re-infestations occur. Fresh bedding should be placed in animal quarters following treatment. Do not treat animals with this formulation.

FLIES, MOSQUITOES, WASPS AND FLYING ROBES OUTDOORS: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

FLEAS, CHIGGERS, AND BROWN DOG TICKS OUTDOORS: For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as re-infestations occur.

CUTION

Do not inhale. Keep out of reach of children. Avoid contamination of food and foodstuffs. Avoid repeated or prolonged inhalation and skin contacts; wash thoroughly after using. Do not use on household pets or humans. Do not spray in room with fish or other aquatic life.

COMBUSTIBLE MIXTURE: Do not use or store near heat or open flame. Do not smoke while using.
