# Cotton States Sevin Super Tomato Dust

U. S. D. A. REG. NO. 1339-151

Manufactured By

MONROE, LOUISIANA

20-40 lbs/acre

**COTTON STATES SEVIN SUPER TOMATO DUST** is a combination insecticide, fungicide dust formulated for use on tomatoes. When applied in accordance with directions, this dust has been found effective in controlling early and late blights, Southern blights, Anthracnose and Septoria Leaf Spot as well as the following insects: Tomato fruitworm, Tomato hornworms, Fall Armyworms, Flea Hopper, European Corn Borer, Stink Bugs, Striped and Spotted Cucumber Beetles. This dust can be applied by conventional hand or power duster or by airplane.

## DIRECTIONS FOR USE

**ON TOMATOES:** For control of the above named insects and diseases apply Cotton States Super Tomato dust at the rate of 20 to 40 lbs. per acre depending on size of plant and rankness of foliage. Begin applications when fruit on first cluster begin to form. Repeat applications every seven days. Repeat immediately any application washed off by rain. Complete and uniform coverage is necessary for effective control.

## CAUTION

DO NOT apply this dust within 1 day of harvest. Tomatoes should be processed to remove residues before marketing.

## WARNING

KEEP OUT OF THE REACH OF CHILDREN

Harmful if swallowed or inhaled. Do not take internally. Avoid breathing dust. Avoid contact with skin and eyes. For skin contact, wash with plenty of soap and water. For eyes, flush with water for 15 minutes. Get prompt medical attention. Change contaminated clothing daily. Avoid contamination of feed and foodstuffs.

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.
