

DIRECTIONS FOR USE

Pour specified amount of this product into nearly filled spray tank. Add balance of water. Keep agitator running during filling and spraying operations. Do not allow mixture to stand. If mixture does not mix readily but tends to separate in an oily layer do not use as injury to animals may result. Do not combine with other materials.

LIVESTOCK USE PRECAUTIONS

DO NOT use this material on emaciated or lactating animals. Animals should have shade following dipping or spraying in warm weather. DO NOT treat animals in cold stormy weather. DO NOT treat sick animals. DO NOT apply to dairy animals. DO NOT treat sows within 2 weeks of farrowing nor for at least 3 weeks thereafter. DO NOT treat animals under 3 months of age. Spray or dip applications to young animals (over 3 months of age) should be limited to the 0.03% Lindane concentration (1 1/4 pt. to 100 gallons of water.) Do not use sprays or dips containing more than 0.06% of Lindane (2 1/4 pts. to 100 gal. of water). DO NOT dip animals within 60 days of slaughter or spray animals within 30 days of slaughter. Do not use this product on dairy animals or animals being finished for slaughter. Spray animals thoroughly. Repeat treatment after 2 to 3 weeks if necessary. Do not apply more than twice in any one calendar year.
