DIRECTIONS

TO OPERATE: Shake well. Spray with can upright approximately 3' from object being sprayed with opening on valve pointing away from people, plants and pets. Spray until wet. Avoid excessive spraying of plastics, rubber and asphalt surfaces.

TO KILL FLIES, MOSQUITOES, GNATS, SMALL FLYING MOTHS: Spray upwards into four corners of closed room, thoroughly misting with spray. Close windows for about 15 minutes after treatment.

WASPS, HORNETS: In late evening spray liberally into hiding and breeding places. Whenever possible spray directly on the insect.

ROACHES, ANTS, FLEAS, SILVERFISH, WATER BUGS: Spray liberally into cracks of woodwork, walls, floors, hiding and breeding places, directly on insects when possible. Thoroughly spray sleeping quarters of animals. Spray ant hills and ant trails over window and door sills etc. For silver-fish, spray storage areas, shelves and bookcases.

BEDBUGS: Spray bed frame, springs, mattress tufts, seams and all cracks and hiding places about the bedroom.

CLOTHES MOTH, CARPET BEETLES: Clean, air, brush clothing, carpets, rugs and fabrics. Spray thoroughly from 3-foot distances, especially seams, folds, under collars, labels. Clean, spray closets, drawers. Repeat approximately every thirty days. For carpet beetles, treat bareboards, infested furniture, underside of carpet, corners and cracks in floor and under rugs where the insects tend to congregate and cause damage. Repeat where necessary.

Remove pets, birds, and cover fish aquariums before spraying.

A&P Bug Killer is recommended for use around Homes, Hospitals, Restaurants, Dairies and Food Processing Establishments.

Kills DDT-resistant flies.

ACTIVE INGREDIENTS: Pyrethrins 0.30%, N-Octyl Bicycloheptene Dichloride 1.00%, Technical Piperonyl Butoxide* 0.60%, Petroleumates 3.10% **INERT INGREDIENTS:** 90.00%, Total: 100.00%.

*Consists of 0.48% (butylcarbityl) (6-propylpiperonyl) ether and 0.12% other related compounds.

WARNING: Keep out of reach of children. Do not spray directly on foodstuffs, feeds and utensils. When used in food processing plants as a space spray, use only when plant is not in operation. Remove or cover food during treatment. Cover all working surfaces or thoroughly clean before reuse. Do not remain in treated areas and ventilate area when treatment is completed.

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 120 F may cause bursting. Never throw container into fire or incinerator.
