

SWYPE

Swype is a carefully compounded cleanser for toilet bowls and flush traps, unsurpassed in its rapid cleaning action upon encrustations and stains. It leaves the bowl in a wholesome, sanitary condition.

Disinfectant & Deodorant — Swype when dissolved acts as a disinfectant and deodorant, removing odors by removing their source. Swype has the unusual virtue of clinging to the sides of the bowl long enough to do its work thoroughly. It does not damage toilet bowls or plumbing.

POISON

Contains Sodium Bisulphate

Do not get in eyes, on skin or on clothing. Sweep up spillage at once. Rinse empty container thoroughly before discarding.

ANTIDOTE

Internal — Call physician immediately. Drink a teaspoonful or more of magnesia, chalk or bits of soap, softened in water, in milk or raw egg white.

External — Eyes: Wash with water for 15 minutes. Get prompt medical attention. **Skin:** Flood surface with water, using soap freely, then cover with moist magnesia or baking soda.

NET WEIGHT 7 LBS.

SWYPE

TOILET BOWL CLEANER

FREE-FLOWING NON-CAKING

ACTIVE INGREDIENTS: Sodium Bisulphate, 50%
INERT INGREDIENTS: 50%

Manufactured only by
ACME CHEMICAL COMPANY
MILWAUKEE, WISCONSIN 53245

DIRECTIONS

Swype should be used regularly, at least twice a week, as a routine in keeping toilet bowls and traps free of stains, encrustations and odors.

Flush bowl, then sprinkle Swype over wet sides and into water, using 4 ozs. Swype for each bowl. Let solution stand 5 or 10 minutes, then rub with swab or brush, and flush bowl. If bowl is badly encrusted when use of Swype is begun, repeat application as above, first pouring rapidly half a pail of water into bowl to lower water level (after flushing).

In Large Buildings, use Swype twice a week as a routine, applying it at end of day when building is unoccupied, and let it stand overnight. When flushed the next morning by first users, bowls will be thoroughly cleaned. No swab or brush needed.

TOILET BOWLS ONLY

Swype should not be used in Washbasins, Sinks or Bathtubs, as it may damage enamel finish. Toilet bowls are solid porcelain and are not affected by contact with Swype.
