

### DIRECTIONS FOR USE

General Classification

Read the entire directions for use of this product in the manner indicated on the label.

**Sanitization** - Sanitization of soft surfaces such as walls, floors, and ceilings, and of hard surfaces such as tables, chairs, and bed frames, is accomplished by applying a solution of Saniterge to the surface with a brush or sponge. Rinse thoroughly with potable water.

**DISINFECTION** - Disinfection of hard surfaces such as walls, floors, and ceilings, and of hard surfaces such as tables, chairs, and bed frames, is accomplished by applying a solution of Saniterge to the surface with a brush or sponge. Rinse thoroughly with potable water.

To disinfect a surface with Saniterge, apply 2 quarts per 100 square feet of surface. Rinse thoroughly with potable water.

For disinfection of floors, apply 2 quarts per 100 square feet of surface. Rinse thoroughly with potable water.

**MILDEWSTAIN** - To remove mildew stains from walls, floors, and ceilings, apply a solution of Saniterge to the surface with a brush or sponge. Rinse thoroughly with potable water.

**SANITIZATION** - To sanitize a surface, apply a solution of Saniterge to the surface with a brush or sponge. Rinse thoroughly with potable water.

To sanitize a surface, apply a solution of Saniterge to the surface with a brush or sponge. Rinse thoroughly with potable water.

To sanitize a surface, apply a solution of Saniterge to the surface with a brush or sponge. Rinse thoroughly with potable water.

To sanitize a surface, apply a solution of Saniterge to the surface with a brush or sponge. Rinse thoroughly with potable water.

### PRECAUTIONARY STATEMENTS

Material Safety Data Sheet Available

#### DANGER

Keep out of reach of children. Avoid contact with eyes and skin. Wash thoroughly with water if contact occurs. Avoid breathing dust or fumes. Do not use in confined spaces. Rinse thoroughly with water after use.

#### STATEMENT OF PRACTICAL TREATMENT

In case of contact with eyes, flush with plenty of water for at least 15 minutes. If on skin, remove clothing and wash thoroughly with water. If inhaled, move to fresh air and rest.

#### NOTE TO PHYSICIAN

Precautionary measures should be taken in the use of gastric lavage. Measures against respiratory shock, respiratory depression and convulsions may be needed.

### STORAGE AND DISPOSAL

**DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL**  
**OPEN DUMPING IS PROHIBITED**  
**DO NOT REUSE EMPTY CONTAINER**  
**PESTICIDE DISPOSAL** - Do not use if damaged or if contents are not as labeled. Do not use if contents are not as labeled.  
**CONTAINER DISPOSAL** - Do not reuse. Recycle where available. Do not use if damaged or if contents are not as labeled.

Classified by Underwriters Laboratory as to electrical conductivity when used on conductive floors and spontaneous heating 320L.

Manufactured By:  
**ACME CHEMICAL COMPANY**  
1600 W Elm Street  
Mauvee Wisconsin 53209

**Saniterge** when used at the rate of 2 quarts per 100 square feet is effective against the organisms. It is effective against the organisms. It is effective against the organisms.

**Sanitization** - Sanitization of soft surfaces such as walls, floors, and ceilings, and of hard surfaces such as tables, chairs, and bed frames, is accomplished by applying a solution of Saniterge to the surface with a brush or sponge. Rinse thoroughly with potable water.

**DISINFECTION** - Disinfection of hard surfaces such as walls, floors, and ceilings, and of hard surfaces such as tables, chairs, and bed frames, is accomplished by applying a solution of Saniterge to the surface with a brush or sponge. Rinse thoroughly with potable water.

**Virucidal Activity** - The product when used at the rate of 2 quarts per 100 square feet is effective against the organisms. It is effective against the organisms.

**Efficacy Tests** - Efficacy tests have demonstrated that Saniterge is an effective bactericide, fungicide, and virucide. It is effective against the organisms.

**Mold and Mildewstain** - Saniterge is effective against mold and mildew stains. It is effective against the organisms.

**Sanitization** - Sanitization of soft surfaces such as walls, floors, and ceilings, and of hard surfaces such as tables, chairs, and bed frames, is accomplished by applying a solution of Saniterge to the surface with a brush or sponge. Rinse thoroughly with potable water.

**POTABLE WATER** - Saniterge is not to be used on potable water. It is effective against the organisms.

**Sanitization** - Sanitization of soft surfaces such as walls, floors, and ceilings, and of hard surfaces such as tables, chairs, and bed frames, is accomplished by applying a solution of Saniterge to the surface with a brush or sponge. Rinse thoroughly with potable water.
