

TRIGENIC™

Heavy Duty Cleaner • Disinfectant • Sanitizer

A one-step, no-rinse, heavy-duty cleaner, disinfectant and sanitizer for heavy-duty cleaning in Schools, Nurseries, Industrial Plants. Provides cleaning, sanitizing and deodorizing of hard-to-clean surfaces at 2 ounces per gallon. Removes environmental soil and grime in a single, simple application. Effective at 4.5 ozs. per gallon as a disinfecting agent against Staphylococcus aureus and Salmonella choleraesuis. Mild fungicide against pathogenic fungi. Used without rinsing as sanitizer at 200 ppm of quaternary on hard surface food contact items. Phenol coefficient vs S. aureus, 15 vs S. typhimurium (AOAC Method)

ACTIVE INGREDIENTS

n-Alkyl (60% C ₁₄ , 30% C ₁₂ , 5% C ₁₁ , 5% C ₁₃) dimethyl benzyl ammonium chlorides	0.8%
n-Alkyl (68% C ₁₂ , 32% C ₁₄) dimethyl ethylbenzyl ammonium chlorides	0.8%
Sodium metasilicate anhydrous	2.4%
Tetrasodium ethylenediamine tetraacetate	1.0%
INERT INGREDIENTS	95.0%

DIRECTIONS

For heavy-duty cleaning and disinfecting and fungicidal activity against pathogenic fungi, use 4.5 ounces per gallon (1.28). This concentration is not recommended for Pseudomonas aeruginosa, for control of this organism, use 5.6 ounces per gallon (1.23). For light duty cleaning, sanitizing and deodorizing, use 2 ounces per gallon (1.63). With cloth or mop apply to floors, walls, wall tile, appliances, fixtures, showers, lockers and other non-food contact hard surfaces. To sanitize food contact hard surfaces, limit the level to 200 ppm of quaternary (8 ounces per 5 gallons) no rinse required. For extra heavy industrial cleaning and sanitizing, use a second application.

DANGER! KEEP OUT OF REACH OF CHILDREN

Harmful or fatal if swallowed. Causes severe eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. If swallowed, wash all contaminated clothing before reuse. If swallowed, do not induce vomiting. If milk, egg whites, gelatin solution or other protein is present, drink large quantities of water. Call a physician.

Empty container (small) thoroughly with water and discard. Do not re-use empty drum. Return it to drum reconstructor or destroy by perforating or crushing and burying it in a safe place.
