

CLEANER

SANITIZER

ACCEPTED
June 26 / 1966
UNDER THE FEDERAL INSECT
FUNGICIDE AND ROENTGENICIDE
FOR ECONOMIC POISON REGISTRY
UNDER NO. 1382-12

Comment

For floors, walls, furniture, showers, locker rooms, refrigerators, safety glasses, toilets, restroom equipment.

TROUBLE FREE AS A CLEANER SHOULD BE.

CAUTION: Avoid contamination of food.

HARMFUL IF SWALLOWED. C D S is a concentrated powerful disinfectant and may cause skin irritation or damage to the eyes. In case of contact, flush immediately with plenty of water. For the eyes get immediate medical attention.

Spilled C D S should be mopped up and the area thoroughly rinsed with water.

Thoroughly rinse empty containers before reuse or disposal.

DIRECTIONS

SANITIZER - CLEANER - For all general purposes cleaning, dilute one ounce C D S concentrate to two gallons of water. Leaves a clean sanitary film free surface.

DISINFECTANT - Where disinfection is the objective, dilute surfaces previously cleaned and sanitized with a fresh solution of one ounce of C D S concentrate to one gallon of water.

DEODORANT - Where deodorant is required, dilute surfaces with a fresh solution of one ounce of C D S to one-half gallon of water.

The bactericidal potency of C D S is maintained in waters containing up to 550 parts per million hardness when evaluated according to the criteria of Appendix F of Grade A Pasteurized Milk Ordinance, 1965 PHS recommendations.
