### DIRECTIONS

FOR USE IN INDUSTRIAL FACILITIES, INCLUDING WAREHOUSES, MANUFACTURING PLANTS, ETC.

Generally for flying insects, such as flies and mosquitoes, close up infested area and spray until area is filled with mist. This space should be left closed for at least 10 minutes after treatment. DO NOT REMAIN IN TREATED AREA AND VENTILATE AREA AFTER 10 MINUTES.

Apply to walls and screens with a sprayer or paint brush. One pint covers approximately 125 sq. ft. when used as directed. Mosquitoes and flies settling on treated surfaces will be killed. To avoid infestation indoors, apply spray around doors, window frames and on screens; apply outside on porch rails, ceilings and walls. Spray freely on garbage receptacles and trash containers.

**BEDBUG CONTROL:** Walls, floorboards, beds, bedsprings and the edges of mattresses should be sprayed. Allow treated surfaces and fabrics to dry before using. A uniform treatment of this type will kill bedbugs.

quarters thoroughly. In all cases, repeat treatment as often as necessary and allow treated surfaces to dry before using.

### IMPORTANT INFORMATION

**MOTHS:** Dry clean, brush and sun woolens regularly. Thoroughly spray all articles to be protected, paying particular attention to seams and folds. Repeat application monthly unless treated articles are stored in a moth-tight container. Spray or paint the inside of moth bags, clothes closets and chests. Moths, moth larvae and moth eggs hit with this spray will be killed.

1. DO NOT SPRAY THIS PRODUCT ON THE SKIN OR BODIES OF CHILDREN, ADULTS, OR ANIMALS. THIS PRODUCT IS NOT INTENDED FOR HOME USE.

**ROACHES, SILVERFISH:** Thoroughly wet all cracks, crevices and wood work or damp and dark places where roaches hide. Repeat treatment as necessary.

2. DO NOT SPRAY this product on GREEN PLANTS or into OPEN FLAMES.

**ANTS:** Thoroughly spray runways and entrances where ants may come into buildings or where ants are found. Repeat treatment as necessary.

3. FOOD SHOULD BE COVERED OR REMOVED DURING TREATMENT. All food processing surfaces should be covered during treatment or thoroughly cleaned before using.

**FLEAS AND TICKS:** Spray floors, floorboards and other flea and tick infested areas. Spray furniture to a height of four feet to kill fleas; also examine and spray in back of furniture and pictures as an aid to tick control. Do not spray animals with this material. Spray animal

When using the product as a space spray in these areas, apply only when areas are not in operation.

4. Practice cleanliness at all times.  
5. This product may be sprayed on hard surfaces, woodwork, metal surfaces, floors, linoleum, fabrics and garments that could be normally sprayed, cleaned or wiped with a petroleum oil. Do not spray on asphalt base floor coverings.

6. Look for and destroy the breeding places of flies, mosquitoes and insects.

7. In all cases, repeat treatment as often as necessary.

8. Do not reuse container.
