STATEMENT OF PRACTICAL TREATMENT

PHYSICAL OR CHEMICAL HAZARDS

DIRECTIONS FOR USE

DO NOT APPLY THIS PRODUCT THROUGH ANY TYPE OF IRRIGATION SYSTEM

DECIDUOUS FRUIT TREES

ORNAMENTAL PLANT TREES AND BERRY SHRUBS

thoroughly to twigs, branches, and trunks, early in the spring, on bright, clear days when the temperature is above 45° F., just before growth starts

During the summer period when foliage is present, use 2 gallons per 100 gallons of water, and apply spray thoroughly to foliage and branches to control scale insects, whiteflies, mealybugs, thrips, and two-spotted mites. Apply when insects first appear, preferably before they cause noticeable damage, and repeat at 30-day intervals, if necessary, until not more than 3 applications have been made during the growing season.

TO MIX — Fill spray tank about one-third full with water, pour in the required amount of Superior Miscible Spray Oil, stir or agitate thoroughly and fill remainder of tank with water. Some agitation is required to maintain the emulsion while spraying.

The dosage rate of 2 gallons per 100 gallons of water is equivalent to 1/2 pint per 3 gallons, or 5 1/2 tablespoons per gallon.

Do not apply in freezing weather or when temperature is likely to drop to near-freezing soon after spraying.

Do not apply to broadleaved evergreens when near-freezing temperatures are expected within 3 weeks. Do not apply during or immediately before hot, dry weather. Do not apply to plants suffering from drought. Do not apply within 30 days before or after application of sulphur.

STORAGE AND DISPOSAL

STORAGE — Keep away from sources of heat or flame. Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL — Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL — Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

WARRANTY AND LIMITATION OF DAMAGES

Seller warrants that this material conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use and Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty, including any other express or implied warranty of **Fitness** or of **Merchantability**, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.
