AUG 07 1992

Dear Ms. Williams:

Subject: Rotenone Spray Powder
EPA Registration No.: 1386-206
Your Application for Pesticide Amendment
Dated June 23, 1989

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment:

- a. The Environmental Hazards statement, "Do not apply directly to water or wetlands (i.e., swamps, bogs, marshes, and potholes), must be changed to read:

"Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark."

2. Submit one copy of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

MADDERN Disk 1 8/7/92

The Confidential Statement of Formula (CSF), submitted with this amendment, is acceptable. A copy of the CSF (Basic Formulation) dated June 23, 1989, has been placed in our file for the subject product.

Please note that Mr. Phil Hutton, Product Manager (18), will be handling this product now that the piscicide use has been deleted from the label. Any future correspondence regarding this product should be addressed to him.

Sincerely yours,

Robert A. Forrest
Product Manager (14)
Insecticide-Rodenticide Branch

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed or absorbed through the skin. Avoid contact with skin. Wash all contaminated clothing with soap and water before reuse. Avoid inhalation of dust or spray mist. Do not contaminate feed or foodstuffs.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: call a physician or Poison Control Center immediately. Give victim one or two glasses of water and induce vomiting by touching back of throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person. If Inhaled: remove victim to fresh air. Apply respiration if indicated. If on Skin: wash with soap and water. If in Eyes: flush with water for at least 15 minutes.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, potholes). Do not apply where runoff is likely to occur. Runoff and drift from treated areas may be hazardous to aquatic organisms in adjacent sites. Do not allow animals to drink the spray solution or runoff. Do not apply to crops or areas other than those for which directions are stated in this label. Do not apply when weather conditions favor drift of dust from area treated. Do not contaminate water when disposing of equipment washwaters. Do not use this product for killing fish without first obtaining a permit from the State Game and Fish Authorities.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not enter treated areas without protective clothing until dusts have settled. Because certain states may require more restrictive reentry intervals for various crops treated with this product, consult your State Department of Agriculture for further information.

Written or oral warnings must be given to workers who are expected to be in a treated area or in an area about to be treated with this product. Oral warnings must inform workers of areas or fields that may not be entered without wearing specific protective clothing until dusts have settled and of appropriate actions to take in case of accidental exposure (refer to Statement of Practical Treatment). When oral warnings are given, warnings shall be given in a language customarily understood by workers. Oral warnings must be given if there is reason to believe that written warnings cannot be understood by workers. Written warnings must include the following information: "CAUTION. Area treated with Rotenone on (insert date of application). Do

5/5

not enter without appropriate protective clothing until dusts have settled. In case of accidental exposure, follow these procedures: (insert information found under Statement of Practical Treatment)."

Mix powder in water for application as a spray. Some agitation is required to maintain the suspension.

BEANS, CUCUMBERS, MELONS, SQUASH, TOMATOES, POTATOES, EGGPLANT, CABBAGE, BROCCOLI AND CAULIFLOWER — To control Mexican bean beetle and bean leaf beetle on beans; cucumber beetles on cucumbers, melons, and squash; Colorado potato beetle, leaf beetles and aphids on tomatoes, potatoes and eggplant; cabbage caterpillars and flea beetles on cabbage, broccoli and cauliflower, use 3 to 6 pounds per acre in the quantity of water required for uniform coverage (2 tablespoons per gallon per 100 sq. ft.), and apply spray thoroughly with particular attention to undersurfaces of leaves. Begin applications when the insects first appear or as soon as their damage is observed — do not wait until serious damage is evident. **DO NOT APPLY WITHIN 1 DAY OF HARVEST.**

STORAGE AND DISPOSAL

STORAGE: Store product in original container and in a locked storage area. Do not store with or near feed or food products.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

WARRANTY AND LIMITATION OF DAMAGES

Seller warrants that this material conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use and Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty, including any other express or implied warranty of Fitness or of Merchantability, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.
