Ms. Diana Williams  
Universal Cooperatives, Inc.  
7881 Metro Parkway  
P.O. Box 460  
Minneapolis, MN 55440

Dear Ms. Williams:

Subject: Amendment - Update Label  
18 Ciodrin Insecticide Back Rubber Solution  
EPA Registration No. 1386-440  
Your Application Dated June 26, 1984

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. Revise "See Remainder of CAUTION Statement on Back Panel" to "See Additional Precautionary Statements on Back Panel."
2. Because of the petroleum base oil solvents in this product, the Agency suggests the following revision to the Statement of Practical Treatment and Note to Physician; however, if your toxicological data suggest otherwise, please submit a draft Statement of Practical Treatment for prior approval:

If swallowed - Call a physician or Poison Control Center immediately. DO NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia.

If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated.

If on skin - Remove contaminated clothing and wash affected areas with soap water.

If in eyes - Flush eyes with plenty of water. Call a physician immediately.

Note to Physician - Solvent presents aspiration hazard. Gastric lavage is indicated if material was taken internally. If symptoms of cholinesterase inhibition are present, atropine sulfate by

injection is antidotal. 2-Pan is also antidotal and may be administered in conjunction with atropine.

3. Revise "Do not apply directly to water" to "Do not apply directly to water or wetlands."

Submit five (5) copies of your revised final printed labeling before you release the product for shipment with the amended labeling.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

George T. LaRocca  
Product Manager (15)

EPA Est. No. 1386-QH-1

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS  
CAUTION**

Harmful if swallowed, inhaled, or absorbed through skin. Avoid breathing spray mist or vapor. Avoid contact with skin. Wash thoroughly with soap and water after handling and before eating or smoking. Remove contaminated clothing and wash before reuse. Do not contaminate water, food, or feed.

**STATEMENT OF PRACTICAL TREATMENT**

If Swallowed: Give victim one or two glasses of water and induce vomiting by touching the back of victim's throat with a finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person. Contact a physician immediately. If Inhaled: Remove victim to fresh air. Apply respiration if indicated. If On Skin: Wash affected areas with soap and water. If In Eyes: Flush eyes for at least 15 minutes with water. Contact a physician.

NOTE TO PHYSICIAN: Atropine is antidotal.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, birds, and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not use or store near heat or open flame.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**DAIRY AND BEEF CATTLE**

**PROTECTS AGAINST HORN FLIES AND AIDS IN REDUCING FACE FLIES.**

To protect dairy cattle and beef cattle against horn flies, and to aid in reducing face flies, use this solution undiluted to saturate fabric covering of back rubber device or to fill storage tank of machine applicator. The device or applicator should be installed so the cattle can readily rub against it several times daily to distribute the oil solution over portions of their hide. It is preferable to install back rubber device or applicator in gateways, entrances or lanes leading from pasture to water or salt so the cattle will be forced to rub against it in going from one area to another.

To control face flies, use undiluted in face rubber device or applicator designed to apply the oil solution to the forehead and front of face when cattle push against it to have access to feed or salt.

Do not apply to calves under 6 months of age. Brahman cattle should not be treated as they may show hypersensitivity to organic phosphates.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Do not store near heat or open flame.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other approved State and local procedures.

## WARRANTY AND LIMITATION OF DAMAGES

Seller warrants that this material conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use and Buyer assumes the risk of any use contrary to such directions. Seller makes no other express or implied warranty, including any other express or implied warranty of Fitness or of Merchantability, and no agent of Seller is authorized to do so except in writing with a specific reference to this warranty. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.
