**UNICO Household AUTO-MIST Insecticide**

**DIRECTIONS FOR USE**

**TO OPERATE**-Remove cap which protects valve. Turn nozzle away from body and press valve top with finger tip. Keep fingers away from spray discharged through nozzle.

**HOUSE FLIES, MOSQUITOES, GNATS, AND SMALL FLYING MOTHS**-Close doors and windows, and discontinue temporarily operation of ventilation or air conditioning equipment. Spray upward so mist will reach all parts of space, for 4 to 5 seconds per 1,000 cubic feet (10' x 10' x 10'). Keep room closed for ten minutes or more after spraying. Repeat as necessary.

**ROACHES, ANTS AND SILVERFISH** - Spray thoroughly along trails and places of entrance; into cracks and crevices of floor, baseboard, and wall; spray under and behind sink, cupboards, cabinets, drawers, refrigerators, pipes and drains. Spray insects directly when driven out of hiding. Repeat as necessary.

**CLOTHES MOTHS**-Clean closet or other storage area and spray thoroughly (1½ to 2½ seconds per 100 cubic feet of space) to reach all hiding places. Clean and brush articles to be protected. Spray woolen articles thoroughly especially along seams and into folds, with nozzle held 18 inches from the fabric. Allow sprayed articles to dry thoroughly before using. Repeat applications every 30 days, unless articles are stored immediately after treatment in moth-tight containers previously cleaned and sprayed as directed above.
