

Weldwood®

SSCC-3359 SAP STAIN CONTROL

CONCENTRATE

ACCEPTED

SEP 20 1982

DIRECTIONS (After Dilution)

Apply this product only as specified on this label. Wood treated with this product is intended only for exterior use. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DESCRIPTION: SSCC-3359 is a liquid concentrate containing an effective fungicide for the control of sap stain and surface staining fungi that cause discoloration and staining of freshly sawn lumber. SSCC-3359 is an aqueous solution which may be applied to dimensional lumber, plywood and particle board to prevent surface mold growth.

DILUTION RATIO: SSCC-3359 is a concentrate dilutable with water. For lumber 2" or less in thickness, use 1 gallon of Concentrate per 150 gallons of water to protect against sap staining organisms during protected storage periods. For lumber thicker than 2" or where temperature and humidity conditions promote severe sap stain, use 1 gallon of Concentrate per 100 gallons of water, or 1 gallon per 75 gallons of water.

APPLICATION: Flood spray or dip the freshly sawn clean lumber to be treated in SSCC-3359 solution within 24 hours after cutting. A dip of 15 seconds or more is sufficient. If not treated within 24 hours, stain may occur. Lumber should be totally immersed or sprayed to insure treatment. Tanks should be covered by a roof to prevent the addition of rain water and consequent dilution of the solution. Vats and spray equipment should be cleaned regularly to remove sawdust and other debris. Freshly treated lumber should not be exposed to water. Store in protected area from rain and properly stacked for best results.

CLEAN-UP: Use water to clean immersion tanks, spray equipment and surrounding area. Soapy water may be required to remove Sap Stain SSCC-3359 from floors and equipment.

STORAGE AND DISPOSAL: Not for use or storage in and around the home. Leftover solution or rinsate should be disposed of according to Federal, State or local procedures. Triple rinse container and offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by other approved State and local procedures.

**KEEP OUT OF REACH
OF CHILDREN**

WARNING!

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**HARMFUL IF SWALLOWED
AVOID CONTACT WITH EYES**

Keep contents and freshly treated articles away from food and living plants. Use only in well ventilated area. Do not breathe vapor or spray mist. Do not get in eyes or on skin or clothing. Wear goggles, rubber gloves and protective clothing when applying or handling freshly treated lumber.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not apply directly to water.

FIRST AID:

If swallowed: drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Get medical attention. If on skin: wash with plenty of soap and water. If in eyes: flush with plenty of water. Get medical attention. **NOTE TO PHYSICIAN:** This product is a cholinesterase inhibitor. If signs of cholinesterase inhibition appear, atropine only by injection is antidotal.

ACTIVE INGREDIENT:
3-IODO-2-PROPENYL BUTYL CARBAMATE 4.0%
INERT INGREDIENTS 96.0%
TOTAL 100.0%

IMPORTANT NOTICE TO PURCHASER

Buyer assumes all risk of use, handling and storage of product not in strict accordance with label directions. No express warranties are given. Should defect occur, Seller's sole liability is to replace product or refund purchase price. ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR PARTICULAR USE IS LIMITED TO ONE YEAR FROM DATE OF PURCHASE. LIABILITY FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGE OR LOSS IS SPECIFICALLY EXCLUDED AT ALL TIMES. If used for other than personal, family or household purposes, any implied warranty of MERCHANTABILITY or FITNESS FOR PARTICULAR USE is excluded.
