

TRIPLE PLAY

Detergent - Germicide

High Potency Disinfectant-Cleaner for

Hospital and Other Environmental Sanitation Programs

A.O.A.C. Use Dilution: 100 to 1

Tuberculocidal at 80 to 1

Cleans, Disinfects and Deodorizes in one Operation. Non-Selective. Kills many Gram Positive and Gram Negative Organisms. Kills most common pathogenic bacteria and fungi, including anti-biotic resistant Staph. Biodegradable.

For Cleaning, Disinfecting and Deodorizing all type of surfaces including Floors, Walls, and Fixtures in Hospitals, Sick Rooms, Contagious Disease Areas, Wash Rooms, Schools, Office Buildings, Factories and Institutions.

Tested and approved for use on conductive hospital floors.

Especially designed for use where soil and bacterial contamination are high.

Active ingredients:

Vegetable Oil Soap
Potassium-o-benzyl-p-chlorophenate
Sodium alkyl (Cp) benzene sulfonate
Ethylene diamine tetracetic acid, tetrasodium salt

Inert ingredients: 83.32%

Water
Tetrasodium pyrophosphate
Sodium Nitrite
Perfume
Dye

Directions

FOR CLEANING, DISINFECTING AND DEODORIZING IN ONE OPERATION:

Make solution of 1 part TRIPLE PLAY to 100 parts warm water, this is approximately 1 1/4 fluid ounces per gallon. Apply this solution to contaminated surface and scrub lightly with mop or brush. Let it remain on surface for several minutes, then remove and rinse with fresh water. For extra dirty areas use a little stronger solution.

IN TUBERCULOSIS SANATORIUMS or wherever virulent concentrations of Mycobacterium tuberculosis are suspected, use solution containing 1 part of TRIPLE PLAY to 80 parts of water that is, about 1 2/3 ounces per gallon.

TRIPLE PLAY passes A.O.A.C. Use Dilution. Confirmation Test against Staphylococcus aureus and Salmonella choleraesuis at 100 to 1 dilution. Accordingly, it is accepted for hospital and other environmental sanitation programs.

TRIPLE PLAY also passes the most recently adopted A.O.A.C. test procedure against Mycobacterium Tuberculosis at 80 to 1, after incubation for 90 days -- in three different media.

(Front Panel) CAUTION (18 pt.): Keep out of reach of children (12 pt.) See side panel for additional precautions.

CAUTION: Harmful if taken internally. Keep out of reach of children. May cause skin irritation. Avoid contact with skin. Avoid splashing in eyes.

FIRST AID: In case of skin contact, flush with plenty of water; for eyes, get medical attention. If swallowed, give raw egg white, milk, mucilage or cornstarch paste and follow with emetic of mustard. Call a physician.
