### **WARNING**

May be fatal if swallowed, inhaled, or absorbed through the skin. Rapidly absorbed through the skin. Do not get in eyes, on skin, or on clothing. Do not breathe spray mist. Wash thoroughly with soap and water after handling. Wash clothing with soap and hot water before reuse.

Avoid contamination of feed or food. Do not store in or around the home environment.

**TO PHYSICIAN.** Administer atropine sulphate in large therapeutic doses. Repeat as necessary to the point of tolerance. 2-PAM is also antidotal and may be administered in conjunction with atropine.

This product is toxic to fish, birds, and other wildlife.

Keep out of lakes, streams, or ponds. Do not apply where run off is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply when weather conditions favor drift from areas treated. Apply this product only as specified on this label.

**DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.**

Do not use inside houses. Do not apply directly to animals.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Do not use on crops used for food, forage or pasture.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

Do not apply oil sprays directly to flowers, or other ornamental plants which may be damaged by the oil. Fog applications will not cause plant injury.

**DESTROY EMPTY CONTAINERS.** Do not reuse this container for any purpose. If container is glass, break into previously prepared pit on non-crop land well away from water supplies, and bury fragments deeply. If container is metal, punch holes in top and bottom, crush under wheels of heavy vehicle or with an axe, and bury crushed container in a pit on non-crop land well away from water supplies.

### **NOTICE**

Use only for the purposes and in compliance with the limitations, cautions or warnings stated on this label.

### DIRECTIONS:

Use undiluted for the control of household pests in homes and institutions. Apply only as a coarse, wet spray or with a small paint brush as a "spot" treatment. Do not use as a space spray indoors. Heavy application is desirable for the most effective kill and greatest residual effect.

**FOR ROACHES, WATERBUGS & SILVERFISH:** Apply to cracks and other infested areas where insects have been seen resting, running or hiding. Special attention should be given to treatment of baseboards, areas behind shelving, bookcases and storage areas.

**FOR ANTS:** Apply to ant trails and areas around door sills, window frames, where pests may enter. Treat openings around water pipes, heat ducts and electrical outlets.

**FOR BROWN DOG TICKS:** Apply to infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets, and localized areas of floors and floor coverings. Fresh bedding should be placed in animal quarters following treatment. Do not treat pets or other animals.

**FOR CARPET BEETLES:** Apply to infested areas of carpets, local areas of floors, baseboards, cracks and under carpets where insects may be found.

**FOR BOX ELDER BUGS:** Apply around door sills, window frames or wherever pests may congregate, such as porches or sides of houses.

**FOR CRICKETS:** Apply to baseboards, floors of closets, storage places and other hiding places.

# STYX<sup>®</sup>

## RESIDUAL INSECTICIDE

**Contains both Diazinon<sup>®</sup> and synergized Pyrethrins for quick kill and long residual kill of resistant insects. Kills and kills crawling insects — cockroaches, waterbugs, spiders, crickets, brown dog ticks, carpet beetles, box elder bugs, scorpions. Also kills flies, mosquitos, gnats, flying moths and other small flying insects.**

#### Active Ingredients:

Petroleum distillate

0, 0-diethyl 0-(2-isopropyl 6-methyl-4-pyrimidinyl) phosphorothioate

N-octyl bicycloheptene dicarboximide

Technical piperonyl butoxide\*

Pyrethrins

#### Inert Ingredients:

\*Equivalent to 0.08% (butylcarbityl) (6-propylpiperonyl) 0.02% related compounds.

### CAUTION: Keep out of reach of children.

**Do not use, pour, spill, or store near heat or open flame.**

Harmful if swallowed, inhaled or absorbed through the skin. Avoid inhalation of mist or contact with skin. In case of contact with skin, wash with plenty of water; for eyes, get medical attention. Wash hands with water after handling and before eating or smoking. Do not use in spraying. Do not spray on asphalt tile or composition tile. Do not use in edible products areas of foods processing plants or other areas where food is commercially prepared or where food is used in serving areas while food is exposed.

## CHURCHILL CHEMICAL

GALESBURG, ILL.

# STYX<sup>®</sup>

## RESIDUAL INSECTICIDE

Contains both Diazinon<sup>®</sup> and synergized Pyrethrins for fast knockdown, quick kill and long residual kill of resistant insects. Quickly knocks down and kills crawling insects — cockroaches, waterbugs, silverfish, ants, spiders, crickets, brown dog ticks, carpet beetles, box elder bugs, centipedes, scorpions. Also kills flies, mosquitos, gnats, flying moths, wasps and certain other small flying insects.

Active Ingredients:	99.867%
Petroleum distillate	99.051%
0, 0-diethyl 0-(2-isopropyl 6-methyl-4-pyrimidinyl) phosphorothioate	0.500%
N-octyl bicycloheptene dicarboximide	0.166%
Technical piperonyl butoxide*	0.100%
Pyrethrins	0.050%
Inert Ingredients:	0.133%

\*Equivalent to 0.08% (butylcarbityl) (6-propylpiperonyl) ether and 0.02% related compounds.

**CAUTION:** Keep out of reach of children.

Do not use, pour, spill, or store near heat or open flame.

Harmful if swallowed, inhaled or absorbed through the skin. Avoid inhalation of mist or contact with skin. In case of contact with skin or eyes, wash with plenty of water; for eyes, get medical attention. Wash with soap and water after handling and before eating or smoking. Do not smoke while spraying. Do not spray on asphalt tile or composition tile.

Do not use in edible products areas of foods processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

### DIRECTIONS:

FOR SPIDERS & CENTIPEDE: Apply to cracks, baseboards and corners, to pipes, storage areas, and other infested areas in basement.

FOR SCORPIONS: Apply around door sills, window frames, and other areas where insects may be entering premises. Spray surfaces in garages and buildings other than human dwellings.

FOR FLIES, MOSQUITOES, GNATS, FLYING MOTHS, WASPS, SMALL FLYING INSECTS: Apply to localized areas these insects may infest; treat around baseboards, cracks, doors and window frames. Outdoors and for preventing entry into dwellings, apply as a spot treatment thoroughly and repeatedly to screens, window frames, door sills and selected areas on porches where insects alight and congregate. For wasps, spray the nest after dark when all insects have returned to nest. Do not apply or allow to drift to areas occupied by unprotected humans or beneficial animals.

This product is toxic to fish, birds, and other wildlife. Keep out of any body of water. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Do not re-use empty container. Destroy and burn in a safe place.

Authorized by U.S.D.A. for use in federally inspected meat and poultry plants.
