

Recommended for the control of roaches, ants and other insect pests listed below, in hospitals, institutions, supermarkets, bakeries, warehouses, as a spot treatment.

ACTIVE INGREDIENTS:

Petroleum distillates
O,O-diethyl O-(2-isopropyl-4-methyl-6-pyrimidinyl)
phosphorothiate*
N-octyl bicycloheptene dicarboximide
Piperonyl Butoxide, technical**
Pyrethrins

*Diazinon

**Consists of (Butylcarbityl) (6-Propylpiperonyl) ether and related compounds

DIRECTIONS FOR USE

Spray infested surfaces only until wet.

Roaches, ants, waterbugs, silverfish, crickets: Spray heavily in all cracks around baseboards and other places where these insects hide. Also, spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, etc. Use on other localized areas infested with these pests. Spray known ant trails, and areas around door and window frames, pipe entries, and other means of entry for ants. Repeat all treatments as required.

Carpet Beetles: Make localized application to areas of the floor and baseboards, spray, directly into cracks and under carpets where insects may be found. Treat crevices, cracks, closets and infested areas of shelving. Repeat as necessary.

Brown Dog Ticks: Thoroughly spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floor coverings. Application should be repeated as infestation warrants and as reinfestation occurs. Fresh bedding should be placed in animal quarters following treatment. Do not treat animal with this formulation.

Flies, Mosquitoes, Wasps and Flying Moths outdoors: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these

insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects light or congregate.

Fleas, Chiggers, Ants and Brown Dog Ticks outdoors: For treatment of localized infestations of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant, and as reinfestations occur.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid breathing of spray mist. May be absorbed through the skin. Avoid contact with skin, eyes, clothing. Wash thoroughly after using. In case of contact with eyes flush with plenty of water. Do not contaminate foodstuffs or feed.

Do not use on household pets or humans.

Puncture empty container to prevent re-use. Wipe up all spillage.

Do not use in edible products areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. This product is toxic to fish, birds and other wildlife. Keep out of any body of water. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

Do not allow children in treated areas until surfaces are dry.
