For the control of wood rot, decay, termites, and powder post beetles.  
Fence posts, foundation timbers, and heavy wooden members should be free of bark, dry and well-seasoned. Immerse in this solution for a period of 12 to 48 hours. For the brush or spray method, two or more flowing coats should be applied, allowing to dry between coats. Treated material which is to come in contact with humans, as stadium seats, should be wiped clean of dust after final drying before use.

**CAUTION**  
**KEEP OUT OF REACH OF CHILDREN**

Harmful if swallowed. Avoid contact with skin, eyes, food and feedstuffs. Keep away from children and domestic animals. In case of accidental swallowing, induce vomiting by administering emetic. Call a physician. To remove from skin, wash with plenty of soap and warm water. If solution gets in the eyes, flood with water for 15 minutes. Call a physician. If method of application makes prolonged contact with the skin possible, use suitable protective garments.

This solution contains volatile petroleum oils. Keep away flame, fires, hot plates, sparks and pilot lights. Use with adequate ventilation. Maintain ventilation 24 hours after use.

This product will kill fish.

Keep out of any body of water.

Apply this product only as specified on this label.
