

[1421-69]

Suitable for use in restaurants, food storage plants and meat plants.

Active Ingredients: 100%
Petroleum distillate
N-Octyl bicycloheptene dicarboximide
Technical Piperonyl butoxide*
Pyrethrins

*Consists of (Butylcarbityl) (6-propylpiperonyl) ether and related compounds.

DIRECTIONS FOR USE:

When used in enclosed areas, do not remain in treated areas. Ventilate the area after treatment is completed.

Roaches and Water Bugs: Apply in all cracks and crevices in wood work, underneath sinks, dark places behind pipes, and in all places where roaches and waterbugs infest. Spray directly on as many insects as possible. Repeat the operation as often as needed.

Flies, Mosquitoes, Gnats: Close room and discharge mist vigorously in all parts of room, using about two ounces per each 1000 cubic feet of space. Fill room with mist. Keep room closed ten minutes before airing. Repeat as necessary. Fleas (On Premises): Remove and destroy animals' bedding. Spray sleeping quarters freely, forcing the spray into all cracks in the floor and about the room. Repeat as necessary.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contamination of feed and foodstuffs.

Use only as directed.

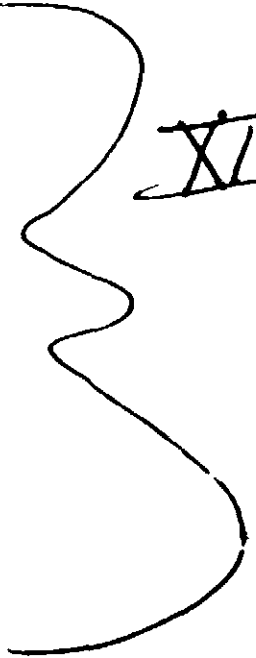

DO NOT USE, POUR, SPILL, OR STORE NEAR OPEN FLAME OR HEAT.

Remove pets, birds, and cover fish aquariums before spraying.

Do not reuse empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

Use this product as a space spray in food processing plants including meat plants only when plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before reuse.
