INERT INGREDIENTS	80%
	100%

Alcohol 76% by Volume

USDA Reg. No. 1435-5

SKRAM contains a long-lasting insect repellent ingredient which is non-irritating when used as directed. When applied to the skin, SKRAM will be an effective repellent for hours. When applied to clothing, SKRAM will be an effective repellent for many days.

DIRECTIONS:

Shake SKRAM into hand and rub over all exposed surfaces, such as arms, back of neck, legs and other exposed surfaces. Treat clothing similarly, making liberal applications along all openings of the clothing—inside neckband, fly and cuffs of trousers, tops of socks, etc. If irritation results, discontinue wearing treated clothing. Avoid contact with eyes and lips to prevent smarting.

CAUTION: Do not apply to rayon or dymel. May be used on nylon, orlon, cotton and wool. May damage furniture finishes, plastics and painted surfaces. Avoid contact with eyes and lips.

DO NOT TAKE INTERNALLY

FLAMMABLE MIXTURE Do not use near fire or flame.
