TOMIC "99" Insecticide-Repellent

Spray — is a high quality, fast acting material especially compounded for use in stores, markets, bakeries, dairies, breweries, canneries, wineries, packing houses, hotels, restaurants, and food processing plants. Do not contaminate food or food products. Cover food and food utensils before applying. "Use the product as a space spray in food processing plants only when plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before using."

DIRECTIONS FOR USE

General Use — Thoroughly spray infested areas including bedstead, springs, mattress and hiding places. Repeat as necessary.

Windows — Thoroughly spray all window frames where these insects may enter.

Basement — Thoroughly spray infested areas in basements, storage locations, and corners in rooms.

Shelves — Thoroughly spray base boards, areas behind shelving, book cases, and storage areas.

Cracks — Thoroughly spray floors of cracks, storage places, and other such hiding places.

Carpet Control — Thoroughly spray infested areas of carpets, localized areas of floors and base boards, and under chairs.

Animal Quarters — Thoroughly spray infested areas, sleeping quarters of household pets, and localized areas of animal quarters. Fresh bedding should be placed in animal quarters following treatment.

Surfaces — Thorough and repeated spraying of selected surfaces such as doors, around windows, sills, eaves, and selected areas of partitions where insects alight or congregate—and areas frequented by these insects.

Exterior Use — Arches should be thoroughly sprayed outdoors on porches or sides of houses and foundations where box elder bugs and clover mites congregate. Also, door sills and window frames should be sprayed where pests enter the home.

Spiders & Scorpions — Thoroughly spray around door sills, window frames or other areas where these pests may enter the premises. Storage areas and other such hiding places should also be sprayed.

CAUTION: Harmful if swallowed—Avoid prolonged breathing of spray mist. Avoid prolonged or repeated contact with skin; wash hands thoroughly after using. Avoid contamination of feed and food-stuffs.

Keep out of reach of children • Do Not Spray Into or Near Open Flame
