HI-PY SUPER ROACH DUST

CONTAINS HI-PY AMORPHOUS SILICA GEL
FORTIFIED WITH PYROCIDE

This product is a high quality powder which combines the insect flushing and killing actions of Pyrethrins and Piperonyl Butoxide. It is odorless and non staining and may be used in various suitable locations in homes, restaurants, stores, hotels, offices, factories, plants and warehouses. "WHEN USED AS DIRECTED" it is highly effective in controlling such insects as roaches, ants, silverfish, bedbugs, fleas, ticks and termites.

DIRECTIONS FOR USE

Roaches (German, Brown-Banded, Oriental) — Distribute HI-PY Super Roach Dust at the rate of 2 ounces per 100 square feet of floor area in visible concentration beneath and behind appliances, e.g. refrigerators, stoves. Apply a continuous visible film on and behind all moldings, shelving edges, around pipe openings, in cracks and crevices where the insects may hide. On severe infestation apply HI-PY Super Roach Dust in crawl spaces, attics behind walls, cabinets, at the rate of 16 ounces per 1,000 square feet of floor area. Repeat as necessary.

Bed Bugs — Dust infested areas including bedstead, springs, mattress and hiding place. Repeat as necessary.

Fleas — Dogs — Liberally apply powder to the animal, rubbing thoroughly to the skin. Begin with neck and include the underbody, legs, feet, and the base area of the tail. Repeat as necessary.

Dry Wood Termites — Use an electric or hand operated rotary duster to distribute HI-PY Super Roach Dust through an entry, e.g. crawl hole into attic and crawl space of the building. Rate of application is recommended at one (1) pound per 1,000 square feet of floor area. All wood surfaces must be covered. All vents and louvers on windward side to be closed.

After many years of research this formula was developed by a leading University in California and was proven to be a remarkably effective roach killer.

**CAUTION: KEEP OUT OF THE REACH OF
CHILDREN • AVOID INHALATION**

**DO NOT USE IN EDIBLE PRODUCTS AREAS
OF FOOD PROCESSING PLANTS**

Manufactured by
TOMIC INSECTICIDE COMPANY
241 SOUTH MEDNIK AVENUE • Telephone (213) 263-7359
LOS ANGELES, CALIFORNIA 90022

This package is sold by weight, not volume. Some settling of contents may have occurred during shipment and handling.
