

BUSAN[®] 11-M1

MODIFIED BARIUM METABORATE

ACCEPTED

MAR 24 1986

United States Department of Agriculture
Federal Agricultural Marketing Administration
EPA Reg. No. 1448-17

ACTIVE INGREDIENT: Barium metaborate as BaB ₂ O ₄ ·H ₂ O (minimum)	90%
INERT INGREDIENTS	10%
TOTAL 100%	

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

In case of eye or skin contact, flush with plenty of clean, cool water. If swallowed, drink one or two glasses of water and induce vomiting by sticking finger down throat. Call a physician immediately. Never give anything by mouth to an unconscious person. If inhaled, remove victim to fresh air and give artificial respiration if necessary.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed or inhaled. If inhaled, remove victim to fresh air and give artificial respiration. Dust irritating to skin, eyes, and respiratory tract. Protect eyes and skin and wear dust mask when handling. Wash thoroughly after handling. Avoid contamination of food.

ENVIRONMENTAL HAZARDS

Do not discharge into lakes, streams, ponds, or public waters unless in accordance with NPDES permit. For guidance contact your Regional Office of the EPA. Apply this product only as specified on this label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Busan 11-M1 is used for the preservation of paints and other coatings, as a corrosion inhibitor in coatings, and as a fire-retardant in paints and plastics. Information and technical bulletins on the use of the product will be furnished upon request when a description of the problem is provided.

To preserve coatings or sizings for paper or paperboard intended for contact with dry food products, Busan 11-M1 should be incorporated in the coating at 0.2 to 1.0 percent based on the dry weight of the coating or sizing.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. STORAGE: Store on pallets off of floor or ground in a covered area. Prevent moisture from penetrating bags. Damaged bags should be placed in a larger container to prevent spread of dust. Product should be used immediately or disposed of as below.

BUSAN 11-M1 DISPOSAL: Product wastes are toxic. Improper disposal of excess product is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.
