KEEP OUT OF REACH OF CHILDREN WARNING AVISO

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS (AND DOMESTIC ANIMALS)

WARNING: Harmful if swallowed. May be harmful if absorbed through the skin. Workmen handling the product should avoid contact of the product with skin. Personal Protective Equipment: Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category F on an EPA chemical resistance category selection chart. Applicators and other handlers must wear: coveralls over long-sleeved shirt and long pants; chemical resistant gloves, such as barrier laminate or butyl rubber (> 14 mls) or nitrile rubber (> 14 mls) or viton (> 14 mls); chemical resistant footwear plus socks; protective eyewear; chemical resistant headgear for overhead exposure; chemical-resistant apron when cleaning equipment, mixing, or loading; dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C). Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations: Users should: Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

STATEMENT OF PRACTICAL TREATMENT: If swallowed, call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. If on skin, wash promptly and thoroughly with an abrasive soap and cool water and finally with glycerin. In case of persistent irritation of the skin, obtain medical attention. If in eyes, product causes eye damage. Flood eyes immediately and thoroughly with cool water for 15 to 30 minutes. See a physician if any irritation persists.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not contaminate water when disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Do not expose to extreme temperatures. Do not stack more than 10 drums high. Leaking or damaged drums should be placed in overpack for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of solid or liquid pesticide, spray mixture, or rinsate is a violation of Federal Law. It is the responsibility of the user to dispose of according to label instructions, contact the local Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling, reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirement specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification and emergency assistance. It also contains specific instructions for protective equipment (PPE), and restrictive-entry interval. The requirements in this box apply to the uses of this product that are covered by the Worker Protection Standard. Do not enter or allow worker entry into the treated areas during the restrictive-entry interval (REI) of 24 hours. Exception: If the product is soil-injected or soil-applied, workers may enter the treated area if there will be no contact with anything that has been treated.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil or water is: coveralls over long-sleeved shirt and long pants; chemical resistant gloves, such as barrier laminate or butyl rubber (> 14 mls) or nitrile rubber (> 14 mls) or viton (> 14 mls); chemical resistant footwear plus socks; protective eyewear; chemical resistant headgear for overhead exposure.

Busan 72A is recommended for the control of disease impairing pine and white fir stands. Busan 72A, when used as directed, will usually increase the stands of pines and fir by reducing losses from seed decay and seedling disease caused by many seed and seedling rot fungi. Busan 72A is recommended for the control of *Fusarium* rot of gladiolus corms. Busan 72A is recommended for the control of *Fusarium* basal rot and *Penicillium* blue mold on iris, narcissus bulbs. Busan 72A is used at time of planting to protect cottonseed and soybean seed and seedling rots, damping-off, sorashin (*Rhizoctonia*), Pythium, and other diseases. Busan 72A is also used at time of good seed germination and seedling development.
