

# BUSAN 72

BUSAN is a registered trademark.

INDUSTRIAL  
MICROBICIDE

ACTIVE INGREDIENTS:  
2-(Thiocyanomethylthio)benzothiazole..... 60.0 %

INERT INGREDIENTS: 40.0 %

## KEEP OUT OF REACH OF CHILDREN WARNING

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**WARNING:** Harmful if swallowed. May be harmful or fatal if absorbed through the skin. Workmen handling the product should wear rubber gloves and goggles and should avoid contact of the product with clothing or skin. Wash thoroughly with soap and water after handling and before eating or smoking. Remove contaminated clothing and wash before reuse.

**STATEMENT OF PRACTICAL TREATMENT:** If swallowed, call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. If on skin, wash promptly and thoroughly with an abrasive soap and cool water and finally with glycerin. In case of persistent irritation of the skin, obtain medical attention. If the product gets into eyes, it causes eye damage. Flood eyes immediately and thoroughly with cool water for 15 to 30 minutes. See a physician if any irritation persists.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not contaminate water when disposing of equipment wastewaters. Apply this product only as specified on this label.

### STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** Do not expose to extreme temperatures. Do not stack more than five drums high. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Busan 72 is an emulsifiable microbicide concentrate used to inhibit the growth of fungi that cause the degradation of wood chips during prolonged storage and to inhibit the growth of fungi that cause the degradation of wet lap or sheet pulp, mulch paper, and chrome treated leather. It is also employed to provide mold resistance to coated and uncoated paper and paperboard, including those grades used for soap packaging, furnace filter frames, wallpaper base stock, and building paper and paperboards.

For complete instructions on the methods of application for Busan 72, refer to the appropriate Product Data bulletins listed below:

Busan 72 - For Preservation of Wood Chips, Wet Pulp, and Mulch Paper and Manufacture of Mold-Resistant Paper and Paperboard

Busan 72 - A Microbicide for the Leather Industry

Busan 72 is composed of substances that have been allowed by the U.S. Food and Drug Administration for use on the wet end of paper and paperboard machines during the manufacture of paper and paperboard for food packaging, but it has not been allowed for use in dry-end applications. Therefore, Busan 72 should not be employed to provide mold resistance to paper or paperboard intended for food-contact use.

Busan 72 may also be used to formulate registered end-use products. Please refer to the Technical Bulletin entitled "Busan 72: For Formulating Use".
