Memphis, TN 38108

Subject: WSCP 20  
EPA Registration No. 1448-62  
Application Date: November 25, 2002  
EPA Received Date: November 29, 2002

Dear Dr. Barbee:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below.

**Proposed Amendment**

- Update First Aid Statement per PR Notice 2001-1

**Conditions**

Revise the label as follows:

1. Separate the Precautionary Statement heading from the First Aid Statements. In addition, the precautionary heading and its statement must be grouped together to read as follows:

**Precautionary Statements**

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

2. The child signal word "Caution" and the "Keep Out of Reach of Children" statement must be placed under the ingredient statement

SYMBOL	F10C						
SURNAME	Stray						
DATE	1-23-03						

- 3. Revise the statement "An initial slug does of 11.8 to 18.3 fluid ounces..." to read "An initial slug does of 11.1 to 18.3 fluid ounces..." to agree with the last accepted product label, dated May 4, 1994.
- 4. Revise the statement "For pools having just visible algae growth, add an initial dose of 37 to 5 fluid ounces..." to read "For pools having just visible algae growth, add an initial dose of 37 to 56 fluid ounces..." to agree with the last accepted product label, dated May 4, 1994.

**Other Comments**

Note that if you intend to revise your label rates, you must submit a formal request through a label amendment application.

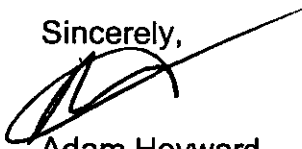

Please explain why this product label does not contain a re-entry interval time following the application of this product in swimming pools, spas, whirlpools, and hot tubs.

**General Comments**

A stamped copy of the labeling accepted with conditions is enclosed. Submit one(1) copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact me at 703-308-6422.

Sincerely,

Adam Heyward

#### Directions fo

It is a violation of Federal law to use this product in a manner inconsis

WSCP 20 is used to control algae, bacteria, and fungi in recirculating cooling systems. Prior to its use, systems must be cleaned to remove al addition of 2.9 to 7.3 fluid ounces of WSCP 20 per 1000 gallons of water to pr the system, is recommended. Repeat initial dosage until control is evident.

Subsequent slug additions of 0.73 to 7.3 fluid ounces of WSCP 20 per 1000 needed. The frequency of addition depends upon the relative amount of bleed should be made in the sump of water cooling towers.

WSCP 20 is used to control bacteria in industrial air-washing systems the systems should be cleaned to remove bacterial slime and other deposits. An gallons of water is recommended. Repeat initial dosage until control is eviden 20 per 1000 gallons of water should be employed each 1 to 5 days, or as nee of bleedoff and severity of the bacterial problem. Slug additions may be made

WSCP 20 is used to control the growth of algae swimming pools, exterior that do not contain fish. For maximum effectiveness pools, spas, whirlp growth of algae should be cleaned prior to using WSCP 20.

For pools having just visible algae growth, add an initial dose of 37 to 5 fluid o algae debris by cleaning. For treatment of a freshly cleaned and filled pool, ac water. Subsequent additions of 7 to 13 fluid ounces of WSCP 20 per 10,0 treatment for maintenance.

Spas, whirlpools, hot tubs, decorative fountains, and ponds having just visible a 20 per 1000 gallons of water. For treatment of a freshly cleaned spas, whirlp fluid ounces of WSCP 20 per 1000 gallons of water. Subsequent additions of after the initial for maintenance.

WSCP 20 will prevent growth of most algae during the off-season winter month treated, during the swimming season and are free of visible algae, add 20 to 3 end of swimming season pools have some visible algae growth, add 37 to 57 uniform distribution of algacide throughout the water and the pool be made necessary to repeat the treatment one or more times during the season.

WSCP 20 is compatible with those chemicals normally used to treat pools and be used in pools and spas treated with chlorine chemicals and may reduce th mix WSCP 20 with concentrated dry or liquid chlorine products.
