# WSCP 30

**ACTIVE INGREDIENT:**

Poly(oxyethylene(dimethyliminio)ethylene-(dimethyliminio)ethylene dichloride) ..... 30.0%

**INERT INGREDIENTS** ..... 70.0%

This product contains 2.67 lb. of active ingredient per gallon and weighs 8.90 lb. per gallon.

## CAUTION

**KEEP OUT OF REACH OF CHILDREN**

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.  
**FIRST AID:** If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.  
**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Keep out of lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

WSCP 30 is used to control the growth of algae in swimming pools and fungi in recirculating commercial and industrial water cooling towers. It also controls algae, bacteria, and fungi in the fresh water used in the growth of bacteria that cause degradation of cutting fluids. Refer to *Broad-Spectrum Microbicide Concentrate* for detailed directions for applications.

Prior to the use of WSCP 30 in water cooling towers, systems should be cleaned of growth, microbiological slime, and other deposits. Then make an initial slug dose of 24 to 37 fluid ounces of WSCP 30 per 1000 gallons of water to provide 16 to 24 fluid ounces of WSCP 30 per 1000 gallons of water. Repeat initial dosage until control is achieved. Slug additions of 0.47 to 4.75 fluid ounces of WSCP 30 per 1000 gallons (0.30 to 3.0) every 2 to 5 days or as needed. The frequency of addition depends upon the bleedoff and the severity of the microbiological problem. Slug additions should be made to water cooling towers.

For maximum effectiveness of WSCP 30 in swimming pools, pools should be cleaned prior to using WSCP 30. For pools having just been cleaned, add a dose of 24 to 37 fluid ounces of WSCP 30 per 10 000 gal. of water. For treatment of a freshly cleaned and filled pool, add 11.9 fluid ounces of WSCP 30 per 10 000 gal. of water. To maintain pools free of visible algae, add 8 fluid ounces of WSCP 30 per 10 000 gal of water should be made on a regular basis.

Uniform distribution of WSCP 30 throughout the water in the pool is essential for effectiveness. WSCP 30 is compatible with those chemicals normally used in swimming pools, both acid and alkaline pH. WSCP 30 can be used in pools treated with shock chlorination, reduce the amount of these chemicals normally required. However, do not use concentrated dry or liquid chlorine products.

WSCP 30 is used to control bacteria in industrial air washing systems. Prior to its use, systems should be cleaned of growth and other deposits. An initial slug dose of 7.1 to 11.9 fluid ounces of WSCP 30 per 1000 gallons of water is recommended. Repeat initial dosage until control is evident. A final dose of 11.9 fluid ounces of WSCP 30 per 1000 gallons of water should be added. The frequency of addition depends upon the relative amount of bacterial problem. Slug additions may be made to the sump or to the wash system.

**STORAGE & DISPOSAL:** Keep container closed and away from flammable water, food, or feed by storage, disposal, or reuse. The container must be triple rinsed (or equivalent) and the rinsate collected, stored, or disposed of in an approved landfill or buried. Containers cannot be used or reprocessed should be disposed of as hazardous waste, pesticides or buried in a safe place away from water. Recycling is prohibited.
