WFT-78 Microbicide

INDUSTRIAL
MICROBICIDE

ACTIVE INGREDIENTS:
Hexahydro-1,3,5-tris (2-hydroxyethyl)-s-triazine 73.5 %
INERT INGREDIENTS: 26.5 %

**KEEP OUT OF REACH OF CHILDREN
DANGER**

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes severe eye and skin damage. Do not get in eyes or on skin. Wash contaminated clothing before reuse. Wear goggles or face shield and rubber gloves when handling this product. Wash thoroughly with soap and water after handling. Harmful or fatal if swallowed. Avoid contamination of food. **FIRST AID:** If in eyes, flush with plenty of water. Get medical attention. If on skin, Wash with plenty of soap and water. Get medical attention. If swallowed, do not induce vomiting. Rinse mouth with copious amounts of water or milk, and then give 1 to 2 glasses of water or milk to drink. Avoid alcohol. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed. **ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES permit. For guidance, contact your Regional Office of the Environmental Protection Agency. **PHYSICAL AND CHEMICAL HAZARD:** WFT-78 Microbicide is cationic. Do not mix with soap or anionic materials.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.
STORAGE: Do not expose to extreme temperatures. Do not stack more than four drums high. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.
PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. **CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
GENERAL: Consult federal, state, or local disposal authorities for approved alternative procedures such as limited open burning.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

WFT-78 Microbicide is used to inhibit the growth of bacteria in metalworking fluids employed as lubricants or coolants in the machining and processing of metals

It is recommended that WFT-78 Microbicide be added to the dilute metalworking fluid at a concentration of 0.1% to 0.2% (1000 to 2000 ppm) based on the total weight of the metalworking fluid. Where added to the undiluted metalworking fluid, WFT-78 Microbicide should be added at a concentration which will provide 0.1% to 0.2% (1000 to 2000 ppm) concentration when diluted with the water for use

Treatment of the diluted metalworking fluid should be repeated every four weeks as long as the metalworking fluid is used. More frequent treatment may be required if excessive contamination occurs.
