## KEEP OUT OF REACH OF CHILDREN DANGER

e open and rinse slowly and gently with water for 15-20 minutes. e contact lenses, if present, after the first 5 minutes, then continue rinsing eye. oison control center or doctor for further treatment advice. f contaminated clothing. kin immediately with plenty of water for 15-20 minutes.
oison control center or doctor for treatment advice.
son control center or doctor immediately for treatment advice. erson sip a glass of water, if able to swallow. induce vomiting unless told to do so by the poison control center or doctor. give anything by mouth to an unconscious person.
erson to fresh air. In is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by -mouth if possible. oison control center or doctor for further treatment advice.
HOT LINE NUMBER

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

## Precautionary Statements

## HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Causes irreversible eye damage. Causes skin irritation. This product may cause allergic skin reactions. Hamful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not use in offshore or estuarine drilling operations. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not discharge effluent containing this product into lakes, streams, ponds, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS: Do not use or store near heat or open flame.

## Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CUTTING FLUIDS: B-30-6 is used to inhibit bacterial and fungal degradation of water-based and water-soluble or emulsifiable cutting fluids and coolants used in metalworking operations. It should be added to the cutting fluid at a rate that will provide 150 ppm to 250 ppm (1.3 pt/1000 gal water - 2.2 pt/1000 gal water) B-30-6 (weight/weight) after final dilution with water. B-30-6 can be added after the dilution or can be added to the concentrate before dilution. To prevent fungal growth on the inside walls of the diluted metalworking fluid storage tanks, higher concentrations of B-30-6 are needed. For this application, it is recommended that B-30-6 be added to the diluted fluid as it is prepared to provide a concentration of 1000 ppm to 1250 ppm (1.08 g/1000gal water to 1.35 g/1000 gal water). Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Do not expose to extreme temperatures. Do not stack more than five drums high. Drums should be opened in weil-ventiated areas. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

ACCEPTED
MAR 1 8 2004
Under the Federal Insecticity, Fungicide, and Rodenticide risk is unstructed, for the pesticide, registered under EPA Reg. No. $14448 - 2655$
