KEEP OUT OF REACH OF CHILDREN DANGER

FIRST AID	
If in Eyes	- Hold eye open and rinse slowly and gently with water for 15-20 minutes Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye Call a poison control center or doctor for further treatment advice.
tf on Skin, Clothes	- Take off contaminated clothing Rinse skin immediately with plenty of water for 15-20 minutes Call a poison control center or doctor for treatment advice.
If Swallowed	- Call poison control center or doctor immediately for treatment advice Have person sip a glass of water, if able to swallow Do not induce vomiting unless told to do so by the poison control center or doctor Do not give anything by mouth to an unconscious person.
if inhaled	- Move person to fresh air If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible Call a poison control center or doctor for further treatment advice.
	HOT LINE NUMBER

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. You may also contact 901-278-0330 or 1-800-BUCKMAN for emergency medical treatment information.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

Precautionary Statements

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive, Causes irreversible eve damage. Causes skin damage, This product may cause allergic skin reactions. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not use in offshore or estuarine drilling operations. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. PHYSICAL AND CHEMICAL HAZARDS: Do not use or store near heat or open flame.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Technical assistance in applying Busan 1127 for microorganism control as described in the following is available upon request when a description of the problem is provided.

Busan 1127 is a water repellent preservative used to protect wood products (millwork, shingles, structural lumber, logs, and timbers) in above ground service from fungal decay. Before treatment wood should be clean and dry, and operations such as sawing, planing, machining, cutting and sanding should be completed. Dilute the product by mixing 1 part of Busan 1127 by volume with 4 parts of mineral spirits and apply to wood products by surface treatment (dipping or brushing), vacuum treatment, or pressure treatment.

Inline Application System: 1 part Busan 1127 can be diluted in 0 - 4 parts of mineral spirits for inline applications. Because inline treating systems have variable line speeds, system variations, treat varied wood species, and type or duration of protection varies, Busan 1127 application rates may vary from mill to mill. Please contact your Buckman representative for further information about integrating Busan 1127 into your intene treating system.

MAY 1 1 2004

Under the Federal Insecticitie, Fungicide, and Rodenticide Act as amended, for the posticide, registered under ETA ROO. NO. 14 48-34

Storage and Disposal

Do not contaminate water, food, or feed by storage or

PESTICIDE STORAGE: Do not expose to extreme temperatures. Do not stack more than five drums high Drums should be opened in well-ventilated areas. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mbdure, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at your EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and discose of in a sanitary landfill, or by other procedures approved by state and local authorities.
